

**MAIRE TECNIMONT GROUP AWARDED €130 MN
PETROCHEMICAL CONTRACT BY KAZANORGSINTEZ PJSC IN
THE RUSSIAN FEDERATION**

- **The award relates to the implementation of an LDPE/EVA plant on an EP basis to be located in Kazan, Tatarstan**
- **The Group's subsidiaries Tecnimont Planung & Industrieanlagenbau and MT Russia will execute the project inside the existing Kazanorgsintez facilities**

Milan, 5 August 2021 – **Maire Tecnimont S.p.A.** announces that its subsidiaries **Tecnimont Planung & Industrieanlagenbau GmbH** and **MT Russia LLC** have been awarded by **Kazanorgsintez PJSC (KOS)** an **EP contract** (Engineering and Procurement) for the execution of a **Low-Density Polyethylene (LDPE)/ Ethylene-Vinyl Acetate (EVA) plant**, to be implemented inside the existing KOS facilities, located in Kazan, in Tatarstan (Russian Federation).

KOS is one of the largest producers of polyethylene in the Russian Federation, supplying its products to 36 countries worldwide. The contract signing ceremony was held in Maire Tecnimont Group's Milan headquarters and attended by KOS **General Director Farid Minigulov** and **Maire Tecnimont Group Chief Executive Officer Pierroberto Folgiero**, together with several top executives of both companies.

The overall EP contract value is approximately **€130 million**. The contract is under a Lump Sum scheme for the Engineering and Procurement Services and under a Reimbursable scheme for the Equipment and Material supply. The scope of the project includes the implementation of a new LDPE/EVA Plant with a capacity of 100,000 tons per year. The Project will be mainly aimed at expanding the production capacity of polyolefins, and its completion is expected within about 40 months from the contract signing date.

The portion of the scope of work in the Russian Federation will be performed by MT Russia in its Moscow engineering centre, where Maire Tecnimont Group employs about 200 specialists currently involved in several ongoing Russian projects. MT Russia represents therefore an asset within the Group's network, with a well-established reputation as a
