

Oscar Spalmach
KT Projects Execution Vice President

Born in 1963 in Rome, he graduated "cum laude" in Mechanical Engineering in 1987 from "La Sapienza" University of Rome with an experimental thesis in Industrial Robotics funded by Olivetti Research Institutes.

He worked until 1990 for the design and management of industrial and steel plants including the restructuring of Aluminum rolling mills plants of the Efimpianti Group at SAVA/Alumix and from 1990 in KTI - Kinetics Technology International (today KT) in the field Oil & Gas.

He has engaged in KT several roles in all technical departments and production, diversifying his activity on all product lines including Industrial Furnaces, Hydrogen Plants, Gas Treatment, Sulphur Recovery and Refining Units.

He held positions as PM, CM, Head of Furnace Department and Project Director up to 2007. In 2012 became Production Manager, Vice President Operation until 2016.

He is now Vice President Projects Execution.
