Report: this report on corporate governance and ownership structures pursuant to article 123-*bis* of the CFA.

Tecnimont: the subsidiary of strategic relevance Tecnimont S.p.A.

TUF / Consolidated Finance Act (CFA): Legislative Decree 24 February 1998, no. 58.

1. ISSUER'S PROFILE

Maire Tecnimont is organized according to the traditional administration and control model, including the Shareholders' Meeting, Board of Directors and Board of Statutory Auditors.

The Board of Directors has established two internal committees having advisory functions - the Remuneration Committee and the Control and Risk Committee - pursuant to the provisions set out in the Corporate Governance Code.

The Board of Directors has also established a Related-Party Committee which is assigned the tasks and duties envisaged by Consob Related Party Regulation.

The mandate of the legal audit for the years 2016-2024 was entrusted by the ordinary Shareholders' Meeting of 15 December 2015 - on a proposal from the Board of Statutory Auditors - to the independent auditors PricewaterhouseCoopers S.p.A., with effect from 27 April 2016, or from the date of the ordinary Shareholders' Meeting that approved the financial statements at 31 December 2015. PricewaterhouseCoopers S.p.A. took over said assignment to Deloitte & Touche S.p.A., to which the ordinary Shareholders' Meeting of 10 July 2007, on a proposal from the Board of Statutory Auditors, had entrusted the legal audit of the accounts for the years 2007-2015. As from 26 November 2007, Maire Tecnimont shares are traded on the Mercato Telematico Azionario ("**MTA**" Telematic Stock Market) organised and managed by Borsa Italiana S.p.A.

As at the date of this Report, Maire Tecnimont is controlled, in accordance with article 93 of the Consolidated Finance Act, by Fabrizio Di Amato, who, through the company GLV Capital S.p.A. ("**GLV Capital**"), holds legal control of the Company.

The Company's corporate governance system is essentially aimed at creating value for the Shareholders in the medium-to-long term, concentrating upon the core business of the Company and the Group and adequately considering the interests of all the stakeholders involved during execution.

The Company and the Group are committed to continuing relationships with its internal and external stakeholders through social responsibility initiatives in the areas where they are present with their business, aimed at supporting projects with charitable purposes, for social and economic promotion and support to organizations with social value of particular relevance. The Group also participates in and contributes to international initiatives developed by the United Nations (UN Global Compact and Global Compact Network Italy) to promote the protection of human and labour rights, environmental protection and the fight against corruption.

2. INFORMATION ON OWNERSHIP STRUCTURES

(pursuant to article 123-bis, paragraph 1, CFA)

a) Share capital structure (pursuant to article 123-bis, paragraph 1, letter a) CFA)

The subscribed and fully paid-up share capital of Maire Tecnimont is Euro 19,689,550.00 and divided into 305,527,500 ordinary shares with no nominal value.

For the purpose of providing the Company with a rapid and flexible tool, that would enable it to seize more efficiently the opportunities emerging from the market in order to identify venture capital, the extraordinary Shareholders' Meeting of 26 April 2012 introduced a provision establishing that the shareholders' option right in relation to newly issued shares and bonds convertible into shares may be excluded by the Shareholders' Meeting, or, in case of assigned powers pursuant to article 2443 of the Civil Code, by the Board of Directors, to the limited extent of ten per cent of the pre-existing share capital and concurrently with the other conditions set out in article 2441, paragraph 4, second sub-paragraph, of the Civil Code.

As at the date of this Report, no shares of any class have been issued other than ordinary shares.

On 11 February 2014, the Company's Board of Directors approved an equity-linked debenture loan with a term of five years, reserved to qualified Italian and foreign investors, for a total nominal amount of Euro 70 million, maturing on 20 February 2019 (the "**Debenture Loan**").

On 17 February 2014, the Joint Bookrunners exercised the over-allotment option granted to them in full, increasing the total nominal amount of the bonds from Euro 70 million to Euro 80 million. On 20 February 2014, the following bonds were therefore issued: "*Euro 80 million 5.75 percent. Unsecured Equity-Linked Bonds due 2019*".

On 30 April 2014, the extraordinary Shareholders' Meeting resolved to authorize pursuant to article 2420-bis of the Civil Code and the provisions of the related regulation, the conversion of the Debenture Loan and as a result, to approve the proposal for a capital increase in cash, on payment and in tranches, with exclusion of the option right pursuant to article 2441, paragraph 5 of the Civil Code, for a total maximum amount of Euro 80 million (including the premium), to be paid in one or more tranches by issuing up to 36,533,017 (thirty-six million five hundred thirty-three thousand seventeen) ordinary shares of the Company, having the same characteristics of the ordinary shares in issue, reserved exclusively and irrevocably for the Debenture Loan, in accordance with the terms of the related regulation, establishing as deadline for the subscription of newly-issued shares 20 February 2019, or upon the deadline

of the fifth year following the issuance of the Debenture Loan, notwithstanding that, in the event that at that date the capital increase has not been fully subscribed, the same will be however considered increased by an amount equal to the subscriptions received.

Following the distribution of a dividend per share of Euro 0,047, made payable on 4 May 2016, the Calculation Agent determined the change of the conversion price of the bonds from Euro 2.1898 to Euro 2.1509, in accordance with conditions 6 (b) (iii) and 6 (f) of the related regulation.

Lastly, it is noted that the incentive plans adopted by the Company do not involve capital increases.

Maire Tecnimont share capital structure is detailed in Table 1, annexed to this Report.

b) Stock transfer restrictions (pursuant to article 123-bis, paragraph 1, letter b), CFA)

There are no restrictions on the transfer of company shares.

c) Significant equity holdings (pursuant to article 123-bis, paragraph 1, letter c), CFA)

Significant holdings in Maire Tecnimont capital at 31 December 2016 and 15 March 2017 are indicated, on the basis of the results of the shareholders' register and disclosure obligations envisaged by article 120 of the CFA and other information in the possession of Maire Tecnimont, in Table 1 annexed to this Report.

d) Stocks granting special rights (pursuant to article 123-bis, paragraph 1, letter d), CFA)

As at the date of this Report, no stocks conferring special controlling rights have been issued.

In order to encourage medium to long term investment and thus the stability of the shareholding structure, the extraordinary Shareholders' Meeting of 18 February 2015 resolved - pursuant to article 127-*quinquies* of the CFA and article 20, paragraph 1-*bis*, of Decree Law 91/2014 converted into Law 116/2014 - the introduction in the Articles of Association of Maire Tecnimont of the mechanism of increased voting rights, through the introduction of articles 6-*bis*, 6-*ter* and 6-*quater*.

The regulations introduced provides for the allocation of two votes to each ordinary share belonged to the same Shareholder for a continuous period of not less than twenty-four

months from the date of registration in a special list of Shareholders (the "**Special List**"), established and maintained by the Company.

In particular, the Articles of Association provide that the voting right increase is achieved, after registration in the Special List following request of the owner accompanied by communication certifying shareholding ownership (also for a portion of the shares held), issued by the intermediary where the shares are deposited, with twenty-four months uninterrupted ownership from registration in the Special List and with effect from the fifth trading day of the month following that in which the period of twenty-four months has elapsed.

The vote increase already accrued, i.e. the ownership period necessary for accrual thereof already elapsed, are retained in the event of succession following death in favour of the heirs or legatees of the holder of the shares, merger or demerger of the holder of the shares in favour of the company resulting from the merger or beneficiary of the demerger and transfer from one portfolio to another of the UCI managed by the same entity.

In addition, the voting right increase extends to (i) shares for a free capital increase due to the holder in relation to the shares for which the increase accrued; (ii) shares due in exchange in case of mergers and demergers (if the merger or demerger provides it); and (iii) shares subscribed by the holder in case of exercise of option rights relating to the shares for which the increase accrued.

The voting right increase shall cease to apply for shares to be transferred for payment or free of charge, or pledged, subject to usufruct or other constraints that attribute the voting right to a third party and for the shares owned by companies or entities (that own shareholdings exceeding the threshold in article 120 CFA) in case of transfer of control of said companies or entities. The increase shall no longer apply also following waiver of the holder, in whole or in part.

The voting right increase is calculated for each shareholders' meeting resolution for the determination of all the shareholders' meeting and resolution quorum that refer to share capital rates and has no effect on the rights, other than voting, due and exercisable under the possession of specific capital rates (including rates for the submission of lists for the appointment of corporate bodies, for the exercise of the liability or the appeal of shareholders' meeting resolutions).

Following the registration of the shareholders' meeting resolution of 18 February 2015 in the Register of companies, the Company established the Special List of Shareholders who wish to take advantage of the voting increase pursuant to article 6-*quater* of the Articles of Association and published on its website (www.mairetecnimont.com, Governance Section - Increased voting rights) the operational procedures for registration in the same.

Shareholders registered in the Special List referred to in article 6-*quater* of the Articles of Association may be entitled to the vote increase – if the regulatory requirements and conditions apply as laid down by the laws and Articles of Association – on request, by completing the form available at the intermediaries.

In accordance with article 6-*quater*, paragraph 3 of the Articles of Association, the Company will update the Special List by the 5th (fifth) market day open from the end of each calendar month, and in any event no later than the so-called record date prescribed by the regulations in force (currently at the end of the accounting day of the seventh trading day prior to the date set for the meeting).

Article 120, paragraph 1 of the CFA provides that for companies whose Articles of Association allow the increase of voting rights, share capital means the total number of voting rights.

The Company will communicate to the public and to Consob, the total amount of voting rights, pursuant to article 85-*bis*, paragraph 4 *bis* of Consob Issuers' Regulation.

e) Employee stock ownership: mechanism for exercising voting rights (pursuant to article 123 bis, paragraph 1, letter e), CFA)

At the date of this Report, there is no employee stock ownership scheme by means of which voting rights are not exercised directly by the employees.

For further information regarding the share-based incentive plans of the Issuer that provide share ownership for employees, reference is made to as indicated in Section 9 of the Report as well as the Remuneration Report prepared in accordance with articles 123-*ter* CFA and 84-*quater* of the Consob Issuers' Regulation, and made available to the public on the Company's website (www.mairetecnimont.com, in the section "Governance" – "Shareholders' Meetings Documents" – "2017").

f) Restrictions on voting rights (pursuant to article 123-bis, paragraph 1, letter f), CFA)

As at the date of this Report, there are no restrictions on voting rights.

g) Shareholders' agreements (pursuant to article 123-bis, paragraph 1, letter g), CFA)

As at the date of this Report, the Issuer is not aware of any Shareholders' agreements pursuant to article 122 of CFA.

h) Change of control clauses (pursuant to article 123 bis, paragraph 1, letter h) CFA) and statutory provisions concerning takeover bids (pursuant to article 104-bis, paragraph 1-ter, and 104-bis, paragraph 1)

The loan contract, stipulated on 11 May 2010, between Maire Tecnimont and Intesa Sanpaolo S.p.A., assigns the Lending Bank the right to rescind from the contract if the majority shareholder should lose control - pursuant to article 2359 of the Civil Code - of Maire Tecnimont, without obtaining the prior approval from the Bank.

The loan contract, stipulated on 23 June 2010, between Maire Tecnimont and Intesa Sanpaolo S.p.A., assigns the Lending Bank the right to rescind from the contract if the majority shareholder should lose control - pursuant to article 2359 of the Civil Code - of Maire Tecnimont, without obtaining the prior approval from the Bank.

The loan contract, stipulated on 23 December 2015 between Tecnimont, on the one hand, and Banca IMI S.p.A., Intesa Sanpaolo S.p.A., Unicredit Corporate Banking S.p.A., Banca Monte dei Paschi di Siena S.p.A. and Banca Popolare di Milano Società Cooperativa S.r.l., on the other, to which Bank of China Ltd., Banco Popolare, Bank ABC and Banca del Mezzogiorno were added in the course of 2016, establishes compulsory full early repayment of the loan if: (i) the majority shareholder ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing more than 35% of the voting rights in the Shareholders' Meeting of Maire Tecnimont, or (ii) an entity other than the majority shareholder becomes a holder, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing over 35% of the voting rights in the Shareholders' Meeting of Maire Tecnimont, or (iii) the majority shareholder ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a percentage of voting rights that ensures the power to appoint or remove a majority of the members of the Board of Directors of Maire Tecnimont, or (iv) Maire Tecnimont ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing over 50% of the voting rights in the Shareholders' Meeting of Tecnimont.

The loan contract, stipulated on 15 November 2016 between Tecnimont and Credito Valtellinese S.p.A. establishes the obligation to make full early repayment of the loan if: (i) the majority shareholder ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing more than 35% of the voting rights in the Shareholders' Meeting of Maire Tecnimont, or (ii) an entity other than the majority shareholder becomes a holder, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing over

35% of the voting rights in the Shareholders' Meeting of Maire Tecnimont, or (iii) the majority shareholder ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a percentage of voting rights that ensures the power to appoint or remove a majority of the members of the Board of Directors of Maire Tecnimont, or (iv) Maire Tecnimont ceases to hold, directly or indirectly through wholly owned subsidiary or controlled companies pursuant to article 2359, a shareholding representing 100% of the voting rights in the Shareholders' Meeting of Tecnimont.

Some agreements related to the issuance of bank or insurance guarantees for the projects: Power Plant Punta Catalina, Dominican Republic – Al Dabb'iya Surface Facilities, Abu Dhabi – IGD Das Island, Abu Dhabi – Liwa Plastics, Oman – Fertilizer Plant, Iowa – Citadel, Egypt – Polymer Plants, Azerbaijan, provide the option for the relevant Financial institutions to require the provision of guarantee deposits or the replacement of existing guarantees in the event of a change of control of Maire Tecnimont and/or Tecnimont and/or the subsidiary KT – Kinetics Technology S.p.A.

The Debenture Loan regulation referred to in Section 2, letter a) of the Report establishes that if there is a change in Issuer control (thereby meaning any situation whereby the Company's majority Shareholder should cease directly and/or indirectly holding more than 50% of shares with voting rights and, more generally, any hypothesis in which one party or several parties acting in concert should directly and/or indirectly acquire more than 50% of shares with voting rights), each bondholder shall have the right to request the early redemption of the bonds held at 100% of their par value, plus interest accrued; this is without prejudice to the adjustment of said amount on the basis of a mathematical formula included in the Debenture Loan regulation.

The Issuer's Articles of Association do not contain provisions that derogate from the provisions regarding the passivity rule provided for by article 104, paragraphs 1 and 2, of the CFA and do not provide for the application of the neutralization rules contemplated by article 104-*bis*, paragraphs 2 and 3, of the CFA.

i) Powers to increase the share capital and authorize the purchase of treasury shares

(pursuant to article 123-*bis*, paragraph 1, letter m), CFA)

As at the date of this Report, Maire Tecnimont Board of Directors has not been authorized to increase the Issuer's share capital pursuant to article 2443 of the Civil Code, nor to issue share-based financial instruments.

On 15 December 2015, the Ordinary Shareholders' Meeting of Maire Tecnimont resolved to authorize the Board of Directors to purchase and dispose of treasury shares pursuant to articles 2357 and 2357-ter of the Civil Code, article 132 of the CFA and article 144-bis of Consob Issuers' Regulations, as proposed by the Board of Directors on 12 November 2015. The authorization was approved in order to pursue objectives such as, among other things, share incentive plans and/or financial transactions, including those useful for regulation of trading. The authorization to purchase treasury shares was granted up to a maximum of 10,000,000 treasury shares, without par value, for a period of 18 months from the date of the shareholders' meeting resolution for authorization, i.e. until 15 June 2017, and at a unit price that may not, however, deviate, neither by a decrease nor by an increase, by more than 10% compared to the reference price recorded by the security in the stock exchange session preceding each individual transaction, in compliance with the operating conditions established for "market practices" allowed by Consob. The authorization to dispose of ordinary treasury shares was granted without time limits. Treasury shares may be disposed of at the price or, in any case, according to criteria and conditions to be determined, from time to time by the Board of Directors.

However, it is noted that on 15 March 2017, the Board of Directors resolved to submit to the ordinary Shareholders' Meeting called to approve the financial statements relating to the Year, a new proposal to authorize the purchase and disposal of treasury shares, after revocation of the previous resolution, to the extent not already used.

For further information regarding this proposal, reference is made to the relevant explanatory report approved by the Board of Directors on 15 March 2017, made available to the public under the terms and in the manner provided by law.

At 31 December 2016 and the date of approval of the Report, Maire Tecnimont holds no ordinary shares of the Company.

I) Management and coordination activities

(pursuant to article 2497 and subsequent of the Civil Code)

In the opinion of the Issuer's Board of Directors, the Company is not subject to direction and co-ordination activities by the parent company GLV Capital, considering: (i) that the decisions relating to the management of the business of the Company and its subsidiaries are made by corporate bodies; (ii) that the Company's Board of Directors has the task, among others, of periodic assessment of the financial and economic performance of the Company and the Group; examining and approving financial policies and access to the credit for the Company and the Group; definition of the corporate governance system and rules of the Company and the Group structure; evaluating the suitability of the organisational, administrative and

accounting structure for the Company and its subsidiary Tecnimont (i.e. with strategic significance), as it will be decided upon by the Company competent bodies; (iii) the existence of three advisory bodies - Coordination Committee, Commercial Committee and Region Committee - with the role of supporting the CEO in the evaluation of strategic, Corporate and Business initiatives and decisions impacting the Group in relation to investments, commercial activities and presence in geographic areas (Regions) of interest to the Group.

At the date of approval of the Report, the Company manages and coordinates the subsidiary of strategic relevance Tecnimont and the other subsidiaries Tecnimont Civil Construction S.p.A., MET NewEn S.p.A., KT-Kinetics Technology S.p.A. and MET Gas Processing Technologies S.p.A., in accordance with article 2497 of the Civil Code.

The Issuer carries out strategy-oriented and co-ordination activities regarding both the industrial set-up and the activities performed by its subsidiaries. In particular, the Company provides Group companies assistance in the definition of strategies, also with regard to Merger & Acquisition and local content policies, in relation to internal audit, HSE, project quality & risk management, investor relations, project and business development, corporate communications, safety and organization, compensation and technology.

The Issuer also coordinates and directs Group companies in matters regarding: legal, corporate affairs, human resources development and remuneration policy, industrial relations, procurement, administration, finance and management control, project control and contract management, system quality, project quality and HSE, general services, communication, as well as management and development of the Group's IT platform.

* * *

The Issuer specifies that:

- the information required by article 123-bis, first paragraph, letter i) CFA (*"agreements between the company and directors... that provide compensation in case of resignation or dismissal without just cause or if the employment is terminated following a takeover bid"*) is disclosed in the Remuneration Report prepared in accordance with articles 123-ter of the CFA and 84-quater of Consob Issuers' Regulation, and made available to the public on the Company's website (www.mairetecnimont.com, in the "Governance" - "Shareholders' Meetings Documents" - "2017");
- information required pursuant to article 123-bis, first paragraph, letter l) of the CFA (*"regulations applicable to the appointment and replacement of directors and to amendments to the Articles of Association, if different from the applicable additional"*

legal and regulatory provisions") is illustrated in Section 4.1 of the Report ("*Appointment and replacement of Directors*"), to which reference is made.

3. COMPLIANCE

(pursuant to article 123-bis, paragraph 2, letter a), CFA)

The Issuer adheres to the Corporate Governance Code drafted by the Corporate Governance Committee of Borsa Italiana S.p.A., last modified in July 2015 and accessible to the public on the website of the Corporate Governance Committee (<http://www.borsaitaliana.it/comitato-corporate-governance/codice/2015clean.pdf>).

It is noted that in some cases the Company did not adhere to the recommendations contained in the Corporate Governance Code. The following sections representing said deviations and the underlying reasons, as well as possible alternative behaviors.

The Issuer and its subsidiary with strategic importance Tecnimont are not subject to non-Italian law provisions that have an impact on Maire Tecnimont corporate governance.

4. BOARD OF DIRECTORS

4.1 APPOINTMENT AND REPLACEMENT OF DIRECTORS

(pursuant to article 123-bis, paragraph 1, letter I), CFA)

In compliance with the provisions of article 147-ter of the CFA, the Company Articles of Association envisages the appointment of directors and auditors by means of a list-based voting mechanism.

Article 14 of the Articles of Association (as amended by the Board of Directors in the extraordinary shareholders' meeting of 26 April 2012 in order to implement the provisions of Law 120/2011, including rules aimed at ensuring a balanced proportion between genders in the composition of the administrative and auditing bodies of listed companies) envisages that directors be appointed on the basis of lists submitted by the shareholders (with candidates listed with a progressive number) holding, individually or jointly, at least 2% of the capital represented by shares with voting rights in the ordinary shareholders' meeting, or any other shareholding cap as requested by Consob regulation. In this respect, it shall be noted that such shareholding cap determined by Consob for the Issuer, pursuant to article 144-*quater* of the Issuers' Regulation, as stated in resolution no. 19856 of 25 January 2017, is equal to 2.5%.

Lists, signed by those who submit them, must be registered with at the Company's registered office at least 25 (twenty five) days before that set for the Shareholders' Meeting in first calling, together with: (i) a declaration by each single candidate confirming acceptance of candidacy and also confirming, under their own responsibility, the absence of any causes for ineligibility and incompatibility, and the availability of the requirements as specified in the applicable regulations and, if required, the fulfilment of the requisite of independence, (ii) a curriculum vitae of each candidate, including specifications regarding any administration and control offices held in other companies, (iii) a certification of ownership, at the time when the list is filed with the company, of the minimum shareholding envisaged for the presentation of the lists (it is noted that, in compliance with the provisions of article 147-ter, paragraph 1-bis, of the CFA, said certification may also be produced subsequent to the filing of the list, provided that it is within the deadline envisaged for its publication

The clause envisages that the directors to be elected are those listed in the list that has obtained the largest number of votes except one who shall be selected from the second ranking minority list in terms of votes received and who is in no way, also indirectly, connected with the Shareholders that have presented or voted the majority list. In this way, the appointment of a minority director is ensured in compliance with the provisions of article 147-ter, paragraph 3, of the CFA.

The Articles of Association, to which reference is made, also regulate the hypothesis in which two or more lists obtain the same number of votes.

The Company Articles of Association do not envisage a minimum percentage of votes so that a list can participate in the distribution of directors to be elected.

In relation to the balanced proportion of genders, article 14 of the Company Articles of Association envisages that the lists containing at least three names shall be composed of candidates belonging to both genders, so that at least one third of the slate candidates (rounded up) belong to the least represented gender and in order to ensure the election and the presence in the Board of the least represented gender in compliance with the currently applicable regulatory provisions in the matter of "balanced proportion of genders".

Regarding the election of independent directors, article 14 of the Articles of Association provides a specific mechanism to ensure the appointment of the minimum number of directors required by article 147-ter, paragraph 4, of the CFA. In particular, it provides (i) first, that each list contains a minimum number of candidates with the independence requirements established by law and applicable regulations, and (ii) if among the candidates elected there are not as many independent directors as required by law, it shall be required to proceed as follows:

-
- a) in the event of a majority list, the non-independent candidates (equal to the number of missing independent Directors) coming last in progressive order in the majority list shall be replaced by non-elected independent Directors from the same list according to the progressive order;
 - b) in the absence of a Majority List, non-independent candidates (in a number equal to the number of missing Independent Directors) which are elected with the lowest number of votes in the lists – and from which no Independent Director has been drawn - shall be replaced by non-elected Independent Directors from the same lists, according to the sequential order.

Lastly, a replacement procedure is also envisaged in order to ensure (in case this were not guaranteed by the afore mentioned election criteria) that the Board of Directors is composed pursuant to the currently applicable regulation in the matter of balance proportion of genders.

The Company Articles of Association do not envisage requisites of independence other than those envisaged by article 148, paragraph 3, of the CFA nor requisites of honour other than those envisaged by currently applicable law provisions. No professionalism-related requirements are envisaged to hold the position of Director.

If the Board of Directors needs to replace one or more directors, it does so by co-opting - pursuant to article 2386 of the Civil Code - the first non-elected candidate from the list whence the terminated director was taken and so on, if such non-elected candidate is not available or ineligible, provided that such candidates are still eligible and are willing to accept the office. Should no non-elected candidates from the list remain or, in any case, for whatever reason, should it not be possible to meet with the criterion as above disciplined, the Board of Directors shall proceed with the replacement, as the subsequent Shareholders' Meeting shall also do, with the legal majority and without voting lists.

In any case, the Board of Directors and, subsequently, the Shareholders' Meeting shall proceed with the appointment so as to ensure (i) the presence of Independent Directors in the minimum total number required by the currently applicable regulation and (ii) compliance with the currently applicable regulation in the matter of balanced proportion of genders.

It is noted that the Issuer is not subject to any further provisions in relation to the composition of the Board of Directors with respect to the regulations contained in the CFA.

As regards the statutory clauses relating to statutory changes, it is noted that the Articles of Association do not contain provisions other than those provided by applicable law.

It is also noted that the Articles of Association, in accordance with article 2365 of the Civil Code, confers to the Board of Directors of the Company the authority to resolve on the adjustment of the Articles of Association to regulatory provisions.

Lastly, it is recalled that, as better described in Section 2, letter d) above of the Report, to which reference is made, the extraordinary Shareholders' Meeting of 18 February 2015 approved the amendments to the Articles of Association to introduce the mechanism of the voting right increase. In this regard, it shall be noted that the vote increase is computed for each shareholders' meeting resolution and therefore also for the determination of shareholders' meeting and resolution quorums that refer to capital rates. The increase has no effect on rights other than voting rights, entitled and exercisable under certain capital rates and thus also, among other things, for the determination of the capital rates required for the presentation of lists for the election of the Company bodies.

Succession plans

On 15 March 2017, the Board of Directors, in conducting its assessments and in compliance with the provisions of application Criterion 5.C.2 of the Code on the adoption of a Plan for the succession of executive Directors (the "Succession Plan"), essentially confirmed as already resolved by the same on 16 March 2016. In particular, the Board of Directors considered it unnecessary to adopt the Succession Plan as the current governance structure of the Company - with the presence of two executive Directors and Top Management, who have gained extensive managerial experience and specific expertise in the company's core businesses - allows managing in the short-term management discontinuity deriving, for example, from any replacement of executive Directors in advance with respect to the ordinary expiry of office or from resignations, thereby ensuring continuity and stability in the conduct of the Company and the Group.

4.2 MEMBERS

(pursuant to article 123-bis, paragraph 2, letter d), CFA)

Pursuant to article 13 of the Articles of Association, Maire Tecnimont is administered by a Board of Directors made up of no less than five and no more than eleven members, provided in odd number, who may also not be the shareholders.

The Board of Directors holds office from one to three years and until approval of the financial statements of the last year in which it holds office, in compliance with the resolution made by the Shareholders' Meeting upon its appointment. Directors may be re-elected.

The current Board of Directors was appointed by the ordinary Shareholders' Meeting on 27 April 2016 and shall remain in office until approval of the financial statements at 31 December 2018.

This Shareholders' Meeting, after determining nine as the number of members of the Board of Directors, appointed Fabrizio Di Amato, Pierroberto Folgiero, Luigi Alfieri, Gabriella Chersicla, Stefano Fiorini, Vittoria Giustiniani, Andrea Pellegrini, Patrizia Riva and Maurizia Squinzi as Directors of the Company. At the same time, the Shareholders' Meeting appointed Fabrizio Di Amato as Chairman of the Company's Board of Directors.

The current Board of Directors consists of five independent directors out of nine. Similarly, the Board Committees established by the Board of Directors pursuant to the Corporate Governance Code consist of Directors, all non-executive, mostly independent.

For further information regarding the Independent Directors in office, reference is made to Section 4.6 of the Report.

Two lists were submitted to the ordinary Shareholders' Meeting of 27 April 2016 for the appointment of the Directors.

The Directors Fabrizio Di Amato, Pierroberto Folgiero, Luigi Alfieri, Gabriella Chersicla, Stefano Fiorini, Vittoria Giustiniani, Andrea Pellegrini, Patrizia Riva were taken from the list submitted by the Shareholder GLV Capital S.p.A., which obtained the favourable vote of 200,390,452 shares, equal to 84.704% of the shares present at the Shareholders' Meeting (the "**Majority List**"). It is noted that among the candidates for the office of Director indicated in the Majority List is also Simone Pierangeli.

The Director Maurizia Squinzi was taken from the list submitted jointly by the Shareholders Arca SGR S.p.A. (manager of the fund Arca Azioni Italia), Eurizon Capital SGR S.p.A. (manager of the funds Eurizon Azioni Italia and Eurizon Azioni PMI Italia), Eurizon Capital S.A. (manager of the fund Eurizon EasyFund – Equity Italy), Fideuram Asset Management (Ireland) Limited (manager of the funds Fideuram Fund Equity Italy and Fonditalia Equity Italy), Interfund Sicav (manager of the fund Interfund Equity Italy) and JP Morgan Asset Management (manager of the funds JP Morgan Funds) holder of a total shareholding of 2.517% of the share capital. The Funds List obtained the favourable vote of 36,117,994 shares, accounting for 15.267% of the shares attending the Shareholders' Meeting (the "**Minority List**"). It is noted that among the candidates for the office of Director indicated in the Minority List is also Carlo Maria Clemente Vismara.

Both lists are available on the Company's website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2016").

In relation to duration of office from the first appointment of the Board Directors, it is noted that: Fabrizio Di Amato and Stefano Fiorini have been in office since the listing, which occurred in November 2007; Luigi Alfieri, Gabriella Chersicla, Vittoria Giustiniani and Patrizia Riva were appointed by the ordinary Shareholders' Meeting on 30 April 2013, while Andrea Pellegrini was appointed by co-option by the Board of Directors on 11 June 2014 and re-

appointed by the ordinary Shareholders' Meeting of 18 February 2015; Maurizia Squinzi was appointed by the ordinary Shareholders' Meeting on 27 April 2016.

As from the date of closure of the Financial Year, none of the Board members has resigned nor have there been any changes in the composition of the Board.

With regard to the additional information concerning the composition of the Board of Directors, also in terms of duration of office from the first appointment of each Director, reference is made to Table 2 Annexed.

In compliance with the provisions of article 144-*decies* of the Issuer Regulation, the personal and professional characteristics of each Director are specified in Annex A to this Report.

For completeness, it is recalled that the Board of Directors appointed by the ordinary Shareholders' meeting of 30 April 2013 and subsequently amended and supplemented during the three-year term of office, in office until 27 April 2016 consisted of: Fabrizio Di Amato (Chairman), Pierroberto Folgiero (CEO), Luigi Alfieri, Gabriella Chersicla, Nicolò Dubini, Stefano Fiorini, Vittoria Giustiniani, Andrea Pellegrini and Patrizia Riva.

Maximum number of offices held in other companies

The Board continues to be oriented to not defining any general criteria regarding the maximum number of offices held in other companies' Board of Directors or Board of Statutory Auditors that may be deemed compatible with the role of Director with the Issuer, in the belief that each Director and Statutory Auditor assess with judgement and sense of duty, prior to the undertaking of each of said offices, the compatibility of the offices as Director and Statutory Auditor, held in other companies (in particular in companies listed on regulated markets, financial institutions, banks, insurance companies or large businesses, with the diligent performance of the tasks undertaken as a Director with the Issuer).

Moreover, the average number of positions held in other companies by the Issuer's Directors during the year 2016 is equal to about 2 in unlisted companies and about 1 in listed companies.

Induction Programme

Following the appointment by the Shareholders' Meeting of 27 April 2016 of the Board of Directors and the Board of Statutory Auditors in office, the Chairman of the Board of Directors, and in line with the recommendations of the Corporate Governance Code and also taking into account the specificity of the Group's business sector, organized meetings ("Induction Session" programs) with the Directors and Statutory Auditors of the Company.

In particular, these meetings were organized in order to provide them with adequate knowledge of the business sector in which the Company and the Group operate, the business dynamics and their evolution, the principles of proper risk management as well as the regulatory and self-regulatory framework of reference.

More specifically, during the Board meeting held on 27 April 2016, following the ordinary Shareholders' Meeting, Pierroberto Folgiero - confirmed on the same date by the Board of Directors as CEO of the Company - held a first meeting aimed at providing the newly appointed Board Members and Statutory Auditors with an overview of the Maire Tecnimont Group, describing the identity and history, primary Key Indicators of 2015, the strategic positioning and the strategy of the Group.

Moreover, on 1 June 2016, an *ad hoc* meeting was held intended for Maurizia Squinzi - Sole Director in office at the first mandate and elected from the Minority List - which was attended by the Chief Financial Officer of the Group, the Executive in charge of preparing the Company's Financial reports and the Head of the Human Resources Department, Organization and ICT Group function. During that meeting, the structure of the Maire Tecnimont Group and its main figures and compensation plans in place were presented.

On 14 June 2016, a meeting was therefore held between the Directors and Statutory Auditors of Maire Tecnimont and the top management of KT Kinetics Technology S.p.A., a company controlled directly by Maire Tecnimont that owns all the shares of the same, during which information was provided about the business and the sector of reference of said company that operates internationally in process engineering with high expertise in the hydrocarbon processing sector.

Also on 14 June 2016, an additional meeting was held between the Directors and Statutory Auditors of Maire Tecnimont and the Head of the Group Corporate Secretary function concerning the new European regulatory provisions on "Market Abuse Regulation" introduced by the European Parliament with (EU) Regulation no. 596/2014 and directly applicable within the legal systems of the member states as of 3 July 2016.

Discussions were also held, during the meetings of both the Board of Directors and the Control and Risk Committee, aimed at developing the knowledge of the internal control and risk management system of the Company and the Group, also in order to support the definition of the guidelines of the internal control and risk management system, so that the main risks relating to the Company and its subsidiaries are correctly identified and adequately measured, managed and monitored, also determining the degree of compatibility of said risks with the strategies approved.

The CEO, as a Director responsible for the internal control and risk management system, as well as the Heads of the Group HSE, Project Quality & Risk Management Functions provided

Directors and Statutory Auditors with a report on the activities of Risk Management implemented in the Group. During these meetings, the methodologies and tools used by Project Risk Management and Enterprise Risk Management were discussed in-depth.

The Control and Risk Committee, also during the meetings aimed at developing the knowledge of the Company's risks and sector of reference, met during the year 2016 the Heads of Compliance and Internal Audit activities to share respectively the methodologies related to the Model 231 update project with integrated risk-based approach and the Audit Plan and implementation thereof of the Internal Audit Function. By virtue of the specific characteristics of the activities and sector of reference in which the Company and the Group operate, no induction programmes were organised with external consultants insofar as at present, the training run by the Company's management for Directors and Statutory Auditors, together with the on-site training meetings organised with representatives of the Maire Tecnimont Group are considered as highly effective and profitable and well able to suitably transfer knowledge of the business area, business dynamics of the Company and the Group - also with reference to risk management - and of their evolution and the reference legislation and self-regulatory framework.

4.3 ROLE OF THE BOARD OF DIRECTORS

(pursuant to article 123-bis, paragraph 2, letter d), CFA)

In FY 2016, eight Maire Tecnimont's Board of Directors' meetings have been held with an average duration of 2 hours and 5 minutes.

For the current year, eleven Board of Directors' meetings are envisaged.

At the date of approval of the Report, the Board had met 3 times, respectively on 25 January 2017, 13 and 15 March 2017.

The disclosure to the Directors and Statutory Auditors is made available to them via a dedicated portal, both with full documentation and with summary notes clarifying the most significant, relevant points to the decisions under resolution.

To date, the Board has not identified a notice term within which to send pre-board documentation as the relevant matters are generally first examined by the Committees internal to the Board, meeting prior to that date, or during meetings of the same Board of Directors convened to conduct a preliminary examination of the matters on which the resolution is subsequently to be passed.

In any case, the Chair of the Board of Directors, also with the help of the Secretary of the Board of Directors, ensures that the relevant documentation in relation to the items on the

agenda is sent to the Directors and Statutory Auditors, in line with the Company practice, sufficiently in advance of the meeting date to ensure timely and complete pre-meeting information.

In the presence of complex issues and supported by voluminous documentation, the Company's management prepares the summary notes that outline the most significant and relevant points of the resolutions to be taken, subject to the prior transmission to each Director and Statutory Auditor of the entire set of documents related to the topic on the agenda.

Where, for strictly operational reasons or confidentiality, the documents relating to certain items on the agenda are sent close to the board meetings, the Chairman of the Board of Directors shall ensure that during the meeting the time necessary for ample illustration by the delegated bodies in order to make aware decisions, is dedicated to the related topics. The Chair shall also ensure that adequate and accurate clarifications are provided regarding items to promote a constructive debate with the involvement of Statutory Auditors and Directors, including the independent and non-executive.

The Managers of the Issuer responsible for the relevant corporate functions and external consultants were also invited to the Board meetings held in the year and depending on the items to be discussed, thus valuing the Board's meetings as an opportunity in which all the Directors may acquire adequate information about the management of the Company and the Group and appropriate insights on agenda items.

Specifically, the meetings of the Board of Directors are regularly attended by the Head of the Group Corporate Secretary Function as also the Secretary of the Board of Directors which, if necessary, illustrates the issues of competence of its Function concerning the items on the agenda of the Board of Directors. The meetings of the Board of Directors are also regularly attended by the Group's Chief Financial Officer and the Executive responsible for preparing the company's financial reports, and from time to time, depending on the items on the agenda, by the Head of the Human Resources, Organization and ICT Group function, the Head of Internal Audit, the Group General Counsel, or also Group Executives to illustrate specific issues related to the business.

The Board of Directors plays a central role in the organization being responsible for the definition and pursue of the strategic objectives of the Company and the Group, as well as to verification of the availability of the controls necessary to monitor the Company and Group Companies performance.

In addition to the powers attributed by law and by the Company Articles of Association to the Board of Directors, including those specified in article 2381, paragraph 4 of the Civil Code, the Board of Directors has the following powers:

- the examination and approval of the strategic, business (including those relating to human resources) and financial plans and budgets of the Company and Group, as well as regular monitoring of their implementation;
- the examination and approval of the draft financial statements, interim financial reports and the half-year financial report, both of the Company and consolidated;
- the definition of the nature and risk level compatible with the Company's strategic aims;
- evaluation of the suitability of the general organisational, administrative and accounting structure of the Company and the subsidiary having strategic significance, with particular reference to the internal audit system and the management of risks;
- evaluation of the Company performance taking into particular consideration the information received from the relevant competent bodies and comparing results achieved against budget on a periodic basis;
- periodic assessment of the financial and economic performance of the Company and the Group;
- definition of the Company corporate governance and rules and the Group structure;
- establishment and regulation of Board internal committees, with the relevant appointment and determination of remuneration;
- attribution and revocation of powers of attorney to the CEO, the Chairman and other Board members, with possible specification of limits and application criteria (for the powers of attorney) and determination of the relevant remuneration;
- examination and approval of the proposals of the Remuneration Committee;
- examination and approval of the transactions on behalf of the Company and its subsidiaries, when such transactions have significant strategic, economic and financial relevance for the Company. In this respect, it shall be noted that the Issuer's Board of Directors of 27 April 2016 resolved that transactions having the characteristics above specified are, by way of example without limitations: (a) transactions to be accomplished by the Issuer or Group company belonging to the Issuer, relating to the establishment of companies and branches or the acquisition, transfer, disposal in any form of investments or companies or business units when (i) the relation between net equity involved in the transaction and the Group's consolidated net equity is greater than 5% or (ii) the value of the transaction is greater than 5% of the Group's consolidated net equity; and (b) the issue of personal or real guarantees, of whatever amount, in the interest of the subsidiary, and in the interest of third parties;

-
- the examination and approval of operations by the Issuer and Group companies concerning the concession, assumption and early repayment of loans in general, the assumption of financial debt and other financial transactions of any kind, including bank and insurance bonds, worth more than Euro 50 million per transaction;

The extraordinary Shareholders' Meeting of 26 April 2012, in order to provide the Company with greater flexibility in the cases which may not request its intervention, introduced a provision in article 15 of the Company Articles of Association establishing the possibility of granting to the Board of Directors the power (concurrently with the Shareholders' Meeting) to resolve also in the matter of merger in the cases envisaged by article 2505 (incorporation of fully owned companies) and article 2505-bis of the Civil Code (incorporation of companies owned at ninety per cent), as well as spin-offs, when the aforementioned regulations also apply.

Moreover, in compliance with the Consob Related Parties Regulation, the Company adopted a Procedure for the Management of Transactions with Related Parties (the "**Procedure**"), described in further detail in Section 12 of the Report, to which reference is made, which envisages a specific procedure to be applied in carrying out Significant Transactions and Minor Transactions (as defined in the procedure), on the basis of the provisions of Consob Related Parties Regulation), establishing, amongst other matters, that the approval of the first is reserved to the Company's Board of Directors.

Pursuant to article 16 of the Company Articles of Association, in order for resolutions to be valid, it is necessary that the majority of the Directors in office be present and the resolutions are given a favourable vote by the majority of the attendees.

The Board, respectively upon approval of the annual financial report and half-year financial report, shall evaluate the adequacy of the organizational, administrative and accounting structure of the Issuer and Tecnimont - a subsidiary with strategic relevance whose assets are 75% of the consolidated assets of the Company - with particular reference to the internal control and risk management system.

Therefore, with reference to the Year, the Board of Directors evaluated the adequacy of the organizational, administrative and accounting structure of the Issuer and the of Tecnimont, with particular reference to the internal control and risk management system, respectively during the meetings held 28 July 2016 and 15 March 2017.

These assessments, which had positive outcome in both cases, have been conducted - after obtaining opinion of the Control and Risk Committee - on the basis of a statement, supported by documentary evidence, made by the CEO and the management of the Company to the Directors and Statutory Auditors on the organizational, administrative and accounting structure, of the Issuer and also of the main direct subsidiaries, including Tecnimont.

The Control and Risk Committee, whose meetings are minuted, continued to receive disclosures in 2016 from the Director in charge of the internal control and risk management system, the Head of Internal Audit, the Head of compliance activities and the Head of Group Process & Risk Management function of the Company on the identification, measurement, management and monitoring of the main risks of the Company and the Group.

The Chairman of the Control and Risk Committee has always provided information on the activities of the Committee and the results of said preliminary activities at the first Board of Directors' meeting.

With regard in particular to risk management, reference is made to as specified in Section 11 of the Report ("*Internal control and risk management system*").

The Board has also assessed on a quarterly basis the general operating performance, taking the information received from the Executive Directors into account and periodically comparing the results attained against budget.

In line with application criterion 1.C.1 of the Corporate Governance Code, the Board of Directors performed the annual self-assessment process ("**Board Evaluation**") of the size, composition, operation of the Board and its three Committees (Control and Risk Committee, Remuneration Committee and Related Parties Committee).

In particular, in the performance of the Board Evaluation for the Year in line with the guidelines formulated to this end by the independent Directors at the meeting of 15 December 2016 and in consideration of the recent appointment of the Board of Directors currently in office, the Directors were supported by the Group Corporate Secretary Function.

The Board Evaluation was conducted by means of special questionnaires, prepared by said Function, and sent to each Director.

The questionnaire relates to questions concerning: (i) main responsibilities of the Board of Directors; (ii) operation of the Board of Directors; (iii) climate and dynamics of the Board; (iv) role of Chairman of the Board of Directors; (v) composition, professional skills and size of the Board; (vi) Executive Directors and organizational structure; (vii) evaluation of the Committees within the Board of Directors, including questions addressed to Directors non-members of the Committees (viii) self-assessment of Directors, also to reflect on the effectiveness of the role as member of the Board of Directors.

The results, processed by the Group Corporate Secretary Function, were shared in advance with the Lead Independent Director and presented by the same to the Board of Directors at the meeting held 15 March 2017.

At the date of approval of the Report, the Shareholders' Meeting did not authorize general or advance derogation of the prohibition of competition under article 2390 of the Civil Code.

For completeness of information, it is recalled that the ordinary Shareholders' Meeting of 18 February 2015 had authorized an exception to the prohibition of competition, provision of article 2390 of the Civil Code, in favour of Gabriella Chersicla, at that time already Director of the Company, in relation to the offices of Board Director and Chairwoman of the Board of Directors in Impresa Costruzioni Giuseppe Maltauro S.p.A. In this regard, at the meeting held 15 October 2014, the Board of Directors of the Company had already believed that the assumption by Gabriella Chersicla of said offices, did not configure the case considered by article 2390 of the Civil Code and article 13 of the Articles of Association. At 31 December 2016, the Director Gabriella Chersicla no longer held said offices.

4.4 DELEGATED BODIES

Chief Executive Officers

Pursuant to article 17 of the Company Articles of Association, the Board of Directors may delegate its powers, with the exclusion of those expressly reserved by law, to an Executive Committee and/or to one or more Board members and appoint power of attorney holders, also on a permanent basis, by single deeds or transactions or by categories of deeds and transactions.

The Meeting of 27 April 2016 appointed Fabrizio Di Amato as Chairman of the Board of Directors. The Board of Directors, which met on the same date at the end of the Shareholders' Meeting, confirmed Pierroberto Folgiero as CEO of the Company, thus maintaining separation of the roles of Chairman and CEO in continuity with as done during the previous Board mandate.

During the same meeting, the Board of Directors, while confirming Pierroberto Folgiero as Chief Operating Officer of the Company, attributed to the CEO all the powers of ordinary and extraordinary Company management that are not reserved to the competence of the Board of Directors (specified in Section 4.3 of the Report) or the Chairman, to be exercised in Italy and abroad with individual signature, except where otherwise envisaged.

It is recalled that Pierroberto Folgiero has held the office of Chief Operating Officer of the Company since 22 May 2012.

Therefore, Pierroberto Folgiero serves as Chief Executive Officer ("**CEO**"), understood as the Executive Director who, by virtue of the powers granted and their actual exercise, is primarily responsible for management of the Issuer.

Specifically, the following Functions report to Pierroberto Folgiero, as Chief Executive Officer of the Company: Administration, Finance and Control - Human Resources, Organization and ICT, which includes Group Quality System - Group Special Initiatives and Region Coordination -

Legal Affairs & Contract - Technology - Project and Business Development - Group HSE, Project Quality & Risk Management and Corporate Strategy.

In addition, Pierroberto Folgiero, as Chief Operating Officer of the Company, is also responsible for defining strategic business of the operational and commercial activities and initiatives to strengthen the geographical presence of the Group. To this end, the following Functions report to Pierroberto Folgiero, as Chief Operating Officer: Americas Region, Russia and Caspian Region, Middle East Region, Sub-Saharan – North Africa Region, Iran Group Initiatives and Group Procurement.

Pierroberto Folgiero has been assigned the following powers:

- a) to determine the strategies in terms of general guidance and the development policy of Maire Tecnimont and the Group and to implement the Group acquisitions and disposals plan, defined in the strategic plans approved by the Board of Directors;
- b) to monitor the trend of Maire Tecnimont and the Group and to ensure that the organisational, administrative and accounting structure of Maire Tecnimont is suitable for the nature and size of the business;
- c) to prepare the budgets and strategic, business (including those relating to human resources) and financial plans, in addition to the investment plans of Maire Tecnimont and the Group, to be submitted to the Board of Directors, and ensure their implementation;
- d) to prepare investment proposals and extraordinary operations for which the Board of Directors is competent to resolve;
- e) to oversee, as Appointed Director in accordance with article 7 of the Corporate Governance Code, the functions of the internal control and risk management systems, defining the relevant instruments and implementation methods according to the guidelines defined by the Board of Directors;
- f) to implement the management and coordination of Group companies, also by proposing, by agreement with the Chairman, the appointment of Chief Executive Officers of the companies directly controlled by Marie Tecnimont;
- g) to inform the Board on the work carried out in exercising the powers of attorney assigned during the Board meetings and in any case at least once a quarter.

The Chief Executive Officer is not responsible for cross-directorship situations, as recommended by the Corporate Governance Code under application criterion 2.C.5¹, considering that Pierroberto Folgiero holds positions only within the Maire Tecnimont Group.

Chairman of the Board of Directors

Fabrizio Di Amato was Chairman and CEO of the Company from when it was first listed, in November 2007, until 30 April 2013.

The Shareholders' Meeting of 30 April 2013 appointed Fabrizio Di Amato as Chairman of the Board of Directors of the Company.

On 2 May 2013, the Board of Directors - by virtue of the experience acquired at Maire Tecnimont by Fabrizio Di Amato and the intention to separate the areas of competence between the Chairman and the CEO - appointed Pierroberto Folgiero, former Chief Operating Officer of the Company, as Chief Executive Officer of Maire Tecnimont.

The ordinary Shareholders' Meeting and the subsequent Board of Directors of 27 April 2016 confirmed, respectively, Fabrizio Di Amato as Chairman of the Board of Directors and Pierroberto Folgiero as CEO of the Company, thus maintaining the separation of the roles indicated above in line with continuity with the previous Board mandate.

The Board of Directors that met on 27 April 2016, following the shareholders' meeting, conferred the following powers to the Chairman of the Board of Directors, Fabrizio Di Amato, in continuity with the previous mandates:

- a) to oversee the definition of strategic guidelines of Maire Tecnimont and the Group;
- b) to prepare proposed amendments to rules of corporate governance (without prejudice to the competence of the Board of Directors);
- c) to ensure the institutional relations and communication of Maire Tecnimont and the Group;
- d) to oversee, in implementation of the guidelines issued by the Board of Directors, the work of the Compliance and Internal Audit Functions;
- e) to oversee the implementation of the Strategic Plans approved by the Board of Directors.

¹ Pursuant to Application Criterion 2.C.5 of the Corporate Governance Code "the Chief Executive Officer of an issuer (A) does not act as a director of another issuer (B), not belonging to the same group, of which a director of the issuer is Chief Executive Officer (A)".

Lastly, it is noted that on 15 March 2017, the Company's Board of Directors - taking into account the position held by Fabrizio Di Amato at Maire Tecnimont as Group Corporate Affairs, Governance & Compliance and Institutional Relations Senior Executive of the Company - confirmed the following proxies and powers for Fabrizio Di Amato, as already conferred by the Board on 27 April 2016:

- 1) as Chairman of the Company's Board of Directors, in addition to the powers attributed to the Chairman by law and the Articles of Association by virtue of the office held, the powers to:
 - a) oversee the definition of the strategic lines of Maire Tecnimont and the Group also in order to promote international growth and operational excellence programs;
 - b) oversee the implementation of the Strategic Plans approved by the Board of Directors.
 - c) oversee, in implementation of the guidelines issued by the Board of Directors, the work of the Internal Audit Function.
- 2) as Group Corporate Affairs, Governance & Compliance and Institutional Relations Senior Executive of the Company, reporting directly to the Board of Directors, the following powers:
 - a) to ensure the institutional relations and communication of Maire Tecnimont and the Group;
 - b) to prepare proposed amendments to rules of corporate governance (without prejudice to the competence of the Board of Directors);
 - c) the supervision, in execution of the guidelines of the Board of Directors, of the activities of the Group Corporate Secretary Function, which is headed by the Group Compliance Function.

In addition to the powers conferred by the Board of Directors, the Chairman of the Board of Directors also coordinates the work of the Board of Directors, convenes board meetings, establishes the agenda and chairs the proceedings, making sure that directors are provided with the necessary documentation and information in a timely manner in compliance with the Company's Articles of Association and applicable laws. He also verifies the implementation of the board resolutions, chairs the Shareholders' Meeting and, together with the CEO, has the power to legally represent the Company.

Lastly, it is noted that the Chairman, Fabrizio Di Amato, holds direct control of the Company through GLV Capital S.p.A.

Executive Committee

At the date of this Report, the Board of Directors has not appointed an executive committee.

Disclosure to the Board

During the Financial Year, the CEO and Chief Operating Officer, Pierroberto Folgiero, and the Chairman of the Board of Directors, Fabrizio Di Amato, reported to the Board on their work carried out by virtue of the exercise of the powers assigned them, more or less once a month.

4.5 OTHER EXECUTIVE DIRECTORS

There are no other executive Directors apart from the CEO and Chief Operating Officer, Pierroberto Folgiero, and the Chairman of the Board of Directors, Fabrizio Di Amato.

4.6 INDEPENDENT DIRECTORS

There are currently five Independent Directors in the Company's Board of Directors and precisely: Gabriella Chersicla, Vittoria Giustiniani, Andrea Pellegrini, Patrizia Riva and Maurizia Squinzi.

The Board of Directors - in implementation of the provisions of the Code and on the basis of the information available and the statements made by the parties concerned - ascertained, in the first meeting after appointment, held on 27 April 2016, that they fulfil the requisites to be qualified as independent according to the application criteria defined in the Governance Code and in compliance with the criteria provided for in article 147-ter, paragraph 4 of the CFA, which makes also reference to the criteria set out in article 148, paragraph 3 of the CFA, disclosing the results of said assessments to the market through a press release.

In the meeting of 15 March 2017, the Board - in implementation of the provisions of the Code and on the basis of the information available and the statements made by the parties concerned - verified again the fulfilment of the requisites of independence by Directors Gabriella Chersicla, Vittoria Giustiniani, Andrea Pellegrini, Patrizia Riva and Maurizia Squinzi, confirming, following the verifications conducted, that they may qualify as independent pursuant to article 147-ter, paragraph 4 of the CFA and article 3 of the Corporate Governance Code, particularly with reference to application criteria 3.C. 1 and following.

The Board of Statutory Auditors - on 27 April 2016, after the appointment of the Board of Directors, and subsequently on 15 March 2017, also taking into account the preliminary verifications conducted for said purpose on 27 February 2017 - positively verified the correct

application of the ascertainment criteria and procedures adopted by the Board to evaluate the independence of its members.

The outcome of these verifications will be disclosed in this Report and in the Statutory Auditors' report to the Shareholders' Meeting prepared pursuant to article 2429 of the Civil Code.

Upon appointment, the Independent Directors drawn from both the Majority and Minority Lists committed upon their appointment to promptly notify the Company of any change in the content of the declaration of independence made by the same.

As for the information regarding the meetings of the Independent Directors held during the Year, in the absence of the other Directors, pursuant to Application Criterion 3.C.6. of the Code, reference is made to the following Section 4.7 of the Report.

4.7 LEAD INDEPENDENT DIRECTOR

On 27 April 2016, the Board of Directors, taking into account the fact that the Chairman of the Board of Directors of Maire Tecnimont, Fabrizio Di Amato, is the party that indirectly controls the company, confirmed - in compliance with the recommendations of article 2, Criterion 2.C.3 of the Corporate Governance Code - Gabriella Chersicla as Lead Independent Director for the period until the approval of the Company's financial statements at 31 December 2018.

The Lead Independent Director is a point of reference for the co-ordination of the requests and contributions of non-executive directors and, in particular, of independent directors. The Corporate Governance Code also establishes that the Lead Independent Director must collaborate with the Chairman of the Board of Directors in order to guarantee that Directors receive complete, prompt information. Besides, the Lead Independent Director is able to independently or upon request of other Directors, convene specific meetings of independent directors in which matters considered to be of interest with respect to the function of the Board of Directors or company management are discussed.

On 15 December 2016, on the proposal of the Lead Independent Director Gabriella Chersicla, a meeting was held only of the Independent Directors of Maire Tecnimont, attended by all Independent Directors and, as invitees, all the members of the Board of Statutory Auditors, which lasted 1 hour. During said meeting, the Independent Directors analyzed and discussed corporate and management issues.

During the FY, the Lead Independent Director, Gabriella Chersicla, participated in almost all the meetings of the Board of Directors and, as Chairwoman, all the meetings of the Control and Risk Committee and all the Related Parties Committee.

5. PROCESSING OF CORPORATE INFORMATION

The Board of Directors of the Company, in its meeting of 10 July 2007, approved an "*Internal regulation for the management of privileged information*" (the "**Regulation**").

On 15 December 2010, the Board of Directors decided to make some changes to the Regulation, in order to achieve greater coordination among the provisions of the Regulation and adjust some of its provisions to the discipline established by Consob resolution no. 16850 of 1 April 2009.

On 16 March 2016, the Board of Directors made some additional changes to the Regulation to align the provisions with the applicable laws and regulations in force and with corporate operational and authorization processes.

Lastly, it is be noted that, during the Year, the Company started the update of the Regulation to implement the changes introduced by the MAR regarding "Market Abuse Regulation". At the date of approval of the Report, these activities are underway also in order to implement the changes that will be made at national level to the provisions of laws and regulations in force. The updated Regulation will be submitted to the Board of Directors for approval and made available to the public on the Company's website.

Below is a brief description of the main features of the current Regulation approved by the Board of Directors on 16 March 2016.

The Regulation is divided into three parts:

1. Identification of relevant subjects and disclosure of transactions carried out by them, also through intermediaries, regarding Company stocks or other related financial instruments ("*Internal dealing procedure*").
2. Processing of privileged information;
3. Regulations and procedures for maintaining and updating the register of persons having access to Privileged Information ("*Regulation for the management of the Insider Register*")

The Regulation aims at governing the obligations that the subjects and relevant persons in the Company are bound to observe in relation to the management of privileged information relating to the Company and its subsidiaries, as well as the precautionary measures to be taken and the disclosure obligations the Company is bound to comply vis-a-vis the market.

The first part regulates the disclosure obligations regarding transactions of stocks carried out by the so-called Relevant Persons.

The second part regulates the procedures and methods for the external disclosure of documents and information relating to the Company and its subsidiaries, with particular reference to privileged information.

The third part regulates the updating of the register of the so-called insiders.

The Regulation is available on the Issuer's website www.mairetecnimont.com, under "Governance" – "Corporate Documents".

6. BOARD OF DIRECTORS' INTERNAL COMMITTEES

(pursuant to article 123-bis, paragraph 2, letter d), CFA)

The Board of Directors has established a Remuneration Committee and a Control and Risk Committee, both with proactive and advisory functions, in accordance with the provisions of article 4 of the Corporate Governance Code.

The functions were not distributed to the Committees differently from what recommended by the Code nor were reserved to the entire Board.

Furthermore, on 16 February 2012, following some changes made to the Company's "Procedure for transactions with related parties" which was adopted pursuant to the Consob Related Party Regulation, the Board of Directors established the Related-Party Committee which was assigned the duties and functions set forth in the aforementioned procedure. Pursuant to the express resolution of the Board of Directors the principles and application criteria provided by the Code will apply to the Company's Related-Party Committee. For additional information regarding the composition, functions and duties of this Committee, please refer to Section 12 of the Report.

At the date of this Report, the Issuer has not established any committees other than those envisaged in the Corporate Governance Code or the Related-Party Committee, except for those specified in Section 17 of the Report ("*Additional corporate governance practices*").

7. APPOINTMENTS COMMITTEE

The Board of Directors, to date, has not formed an Appointments Committee given that the Board of Directors consists of a majority of Independent Directors (five Independent Directors out of nine) and that the assessment of the size and composition of the Board and nomination as director in cases of co-option is performed collegially by the entire Board, after consulting with the Board of Statutory Auditors.

In addition, the provision of the Articles of Association regarding election of the Board of Directors through the list voting mechanism ensures a transparent appointment procedure of Directors and the appointment of at least one Director by the minority list.

8. REMUNERATION COMMITTEE

In accordance with the provisions of Principle 6 of the Corporate Governance Code, the Maire Tecnimont Board of Directors has established a Remuneration Committee.

Composition and operation of the Remuneration Committee (pursuant to article 123-bis, paragraph 2, letter d), CFA)

The Board of Directors of 10 September 2007 resolved to establish a Remuneration Committee effective from the date of release, by Borsa Italiana S.p.A., of the procedure regarding the trading of Maire Tecnimont shares on the Mercato Telematico Azionario (Telematic Stock Market) on 26 November 2007.

On 30 September 2011, the Company's Board of Directors has approved the Remunerations Committee Regulation, governing its function and, specifically, its constitution, composition and duration (including the replacement of members who have stood down from office), identifying its functions and regulating the convening and events of meetings. The Remuneration Committee Regulation was modified by the Board of Directors of 20 December 2012 to make it consistent with the provisions of the Corporate Governance Code of December 2011. It was approved by the Board of Directors on 2 May 2013, following appointment of the Board of Directors for the three-year period 2013-2015 and, lastly, by Board of Directors of 27 April 2016, following appointment of the current Board of Directors.

In the year, the composition of the Remuneration Committee was compliant with the indications contained in the Corporate Governance Code, establishing that the Committee shall be composed of no less than three members, if the Board of Directors is composed of eight members or more (article 4 of Application Criterion 4.C.1), Independent Directors or, in alternative, non-executive, the majority of whom independent, among whom to appoint a Chairman (article 6 of Principle 6.P.3).

The Remuneration Committee currently in office was appointed by the Board of Directors on 27 April 2016, following the Shareholders' Meeting, and will remain in office until approval of the financial statements at 31 December 2018.

In particular, the Board of Directors confirmed the previous composition of the Remuneration Committee, which is therefore in line with the previous year and consists of the following members: Andrea Pellegrini, as Committee Chairman, Luigi Alfieri and Vittoria Giustiniani.

All Committee members are non-executive Directors. Moreover, Andrea Pellegrini and Vittoria Giustiniani are independent Directors. The Board recognises that all Remuneration Committee members, considering the relevant professional profile, have an adequate knowledge and expertise in financial matters or remuneration policies.

In the year, the Remuneration Committee met 6 times, and precisely: on 9 March, 15 March, 11 May, 13 June, 12 October and 15 December 2016. The meetings of the Remuneration Committee lasted an average of 1 hour and were regularly minuted. The Chairman of the Remuneration Committee regularly provided information to the first Board of Directors on the activities of the Committee and on the issues covered in each meeting of the same.

For FY 2017, 7 meetings of the Remuneration Committee are scheduled, three of which were held, respectively, on 8 February 2017, 2 March 2017 and 14 March 2017.

For further information on the composition and operation of the Remuneration Committee, reference is made to Table 2 annexed hereto.

As envisaged in the Remuneration Committee Regulation, Directors do not take part in the Remuneration Committee meetings when proposals regarding their remuneration are discussed.

The Remuneration Committee Regulation gives the entire Board of Statutory Auditors the right to attend the Committee meetings.

All Committee members have actively participated in the meetings, and at the invitation of the Committee itself, the Board of Statutory Auditors, the Head of the Human Resources, Organization and ICT Function, Franco Ghiringhelli, as well as external consultants, also participated.

The Remuneration Committee operates with the support of the Company's Human Resources, Organization and ICT Function.

Functions of the Remuneration Committee

In compliance with article 6 of the Corporate Governance Code and as envisaged by article 3 of the Remuneration Committee Regulation, the Remuneration Committee has the following tasks:

-
- formulate proposals to the Board of Directors for the implementation of policies regarding the remuneration of executive Directors and executives with strategic responsibilities;
 - formulate proposals to the Board of Directors for the implementation of policies regarding the remuneration of all Group's top managers, including money and shared-based incentive plans on the short and long term;
 - periodically assess the appropriateness, general consistency and concrete application of the policy for the remuneration of the executive Directors and executives with strategic responsibilities, availing itself, in this latter context, of the information provided by the Company CEO;
 - submit proposals to the Board of Directors and express opinions regarding the remuneration of the executive Directors and other Directors holding special offices and also concerning the determination of the performance targets correlated to the variable component of their remuneration;
 - monitor the implementation of decisions taken by the Board itself, verifying, in particular, the actual achievement of performance targets;
 - examine in advance the annual remuneration report which listed companies are required to prepare and make available to the public before the annual Shareholders' Meeting pursuant to article 2364, paragraph 2 of the Civil Code, in accordance with applicable regulatory requirements.

During the year, the Remuneration Committee periodically assessed the adequacy, overall consistency and concrete application of the policy for the remuneration of Directors and Top Management.

Also in the Year, in continuity with the redefinition of the Group Remuneration Policies launched in 2015, the Committee supported the Board of Directors in both the implementation and monitoring of incentive systems in place and identification of new compensation instruments based on financial instruments, under the new Remuneration Policy cycle, oriented in particular to long-term value growth. In this regard, we also recall the 2016-2018 Performance Share Plan and the Employee Stock Ownership Plan for the same period, both aimed at involving Human Capital in increasing the Group's value and fostering the alignment of the interests of Shareholders and Stakeholders, in view of the pursuit of the Group's strategic objectives.

The renewal of the Board of Directors by the ordinary Shareholders' Meeting of 27 April 2016 was an opportunity to carry out, in collaboration with the consulting firm Willis Towers

Watson, a remuneration benchmark for the roles of Chair and Chief Executive Officer, as illustrated in detail in the "2017 Remuneration Report" referred to below.

In particular, in the second half of 2016, in view of the closure of the incentive plans for Top Management envisaged in the 2013-2016 Remuneration Policy, an analysis was initiated of a new remuneration system, aimed at retention, for the CEO and Chief Operating Officer, Senior Managers and Top Managers identified.

In addition, the Remuneration Committee reports to the Shareholders during the annual Shareholders' Meeting on the criteria adopted in the performance of its tasks, pursuant to article 2364, paragraph 2, of the Civil Code.

In the meeting of 2 March 2017 and 14 March 2017, the Committee also preliminarily reviewed the annual Remuneration Report pursuant to article 123-ter of the CFA, that listed companies shall prepare and make available to the public before the annual Shareholders' Meeting as per article 2364, paragraph 2, of the Civil Code, in compliance with currently applicable regulatory provisions. Maire Tecnimont Board of Directors in the meeting of 15 March 2017 approved the Remuneration Report pursuant to article 123-ter of the CFA (the "**2017 Remuneration Report**"), Section One of which will be submitted for approval, by non-binding vote, to the next Company Shareholders' Meeting convened for 26 April 2017 on first call and 27 April 2017 on second call.

The Committee also:

- on 8 February 2017, 2 March 2017 and 14 March 2017, examined and approved the proposal for the new retention and joint participation scheme in the creation of value based on financial instruments, i.e. the "2017-2019 Restricted Stock Plan", dedicated to the CEO, Senior Managers and Top Managers identified. The Committee also previously examined the related Information Document drafted pursuant to article 84-*bis* of Consob Issuers' Regulation and the Explanatory Report pursuant to article 114-*bis* and 125-*ter* of the CFA. These documents were subsequently approved by the Board of Directors on 15 March 2017 and submitted to the Ordinary Shareholders' Meeting convened to approve the annual financial statements;
- during the meetings of 2 March 2017 and 14 March 2017, it examined and approved the proposal to renew the "Non-Competition Agreement" in favour of the CEO and Chief Operating Officer, Senior Managers and some Top Managers selected.

In the performance of its functions, the Remuneration Committee has had access to the necessary information and corporate functions in order to accomplish its tasks relying, in particular, on the support of the Human Resources, Organization and ICT Function.

As envisaged in article 7 of the Remuneration Committee Regulation, the latter may resort to external consultants for the performance of its tasks.

After having verified the absolute independence of the selected company, as mentioned, Maire Tecnimont availed itself in particular, of the remuneration-related advisory services provided by Willis Towers Watson, leading company in industry remuneration surveys, as well as advisory activities and certification of corporate compensation systems.

No specific financial resources have been allocated to the Remuneration Committee since the same Committee avails itself - as above mentioned for the performance of its tasks - of the Issuer's means and corporate structures and may avail itself of external consultants, the expenses of which are paid for by the Company up to a maximum amount from time to time established by the Company.

9. DIRECTORS' REMUNERATION

General remuneration policy

For information on the general remuneration policy, reference is made to the 2017 Remuneration Report prepared pursuant to article 123-ter of the CFA and made available to the public on the website of the Company (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2017"), approved by the Board of Directors on 15 March 2017, after examination by the Remuneration Committee.

Share-based remuneration plans

The Ordinary Shareholders' Meeting of 28 April 2015 approved, pursuant to article 114-bis of the Consolidated Finance Act, the adoption of a long-term incentive plan based on phantom stock (the "**2015-2017 Phantom Stock Plan**"). For further information, reference is made to the "2015 Remuneration Report" prepared pursuant to article 123-ter of the CFA and the Explanatory Report prepared pursuant to article 114-bis of the CFA and article 84-ter of the Consob Issuers' Regulation and the Information Document on the Phantom Stock Plan prepared pursuant to article 84-bis of Consob Issuers' Regulation, available on the Company's website (www.mairetecnimont.com, under "Governance" - "Shareholders' Meeting Documents" - "2015").

The Ordinary Shareholders' Meeting of 27 April 2016 approved, pursuant to article 114-bis of the CFA, the adoption of a long-term incentive system based on the allocation of the Company's shares (the "**2016-2018 Performance Share Plan**") to the benefit of the Top

Management of the Group, and a Employee stock ownership scheme (the "**2016-2018 Employee Stock Ownership Plan**") addressed to all employees. For further information regarding these plans, reference is made to the "2016 Remuneration Report" prepared pursuant to article 123-ter of the CFA and the related Information Documents and the Explanatory Reports, approved by the Board of Directors on 16 March 2016 and by the Shareholders' Meeting held 27 April 2016, made available to the public on the Company's website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2016").

The Board of Directors of 15 March 2017, with the favourable opinion of the Remuneration Committee, resolved to the benefit of the CEO, Senior Managers identified and some Top Management the introduction of a new long-term retention system based on the allotment of the Company's shares (the "**2017-2019 Restricted Stock Plan**"). In this regard, reference is made to the 2017 Remuneration Report, the relevant Information Document and Explanatory Report, approved by the Board of Directors on 15 March 2017 and submitted for approval to the Shareholders' Meeting called to approve the annual financial statements for the year, made available to the public on the Company's website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2017").

Remuneration of Executive Directors

For information on the remuneration of Executive Directors, reference is made to the information in the 2017 Remuneration Report, made available to the public on the Company website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2017").

Incentive mechanisms for the Head of Internal Audit Manager and of the Executive responsible for preparing the company's financial reports

Dario Michelangeli, Administration and Financial Statements Vice President of Maire Tecnimont, has been assigned, as Manager responsible for preparing the company's financial reports - confirmed in this role by the Board of Directors of the Company on 27 April 2016, after the favourable opinion of the Board of Statutory Auditors - additional gross annual fees of Euro 15,000, as resolved unanimously by the Board of Directors of Maire Tecnimont in the meeting held on 12 May 2016 and with the favourable opinion of the Remuneration Committee and the Board of Statutory Auditors.

The Head of Internal Audit, Valerio Actis Grosso, appointed by the Board of Directors on 8 October 2013 until revocation and, to the extent possible, confirmed in this role until

revocation by the Company's Board of Directors, following a favourable opinion of the executive Director responsible for the internal control and risk management system, on 27 April 2016, shall receive a fixed annual remuneration recognized as adequate and in compliance with the tasks assigned.

For the functions of executive responsible for preparing the company's financial reports and the Head of Internal Audit no incentive schemes are envisaged.

Remuneration of non-executive Directors

For information on the remuneration of Non-executive Directors, reference is made to the information in the 2017 Remuneration Report, made available to the public on the Company website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2017").

Indemnity to Directors in the case of resignation, dismissal or termination following to a take-over bid (pursuant to article 123 -bis, paragraph 1, letter i), CFA)

For information on compensation of the Directors in case of resignation, dismissal or termination of employment following a takeover bid (pursuant to article 123-bis, paragraph 1, letter i) CFA), reference is made to what is reported in the relevant section of the 2017 Remuneration Report, made available to the public on the Company website (www.mairetecnimont.com, section "Governance" - "Shareholders' Meetings Documents" - "2017").

As better represented in Section 4.1 of this Report, the Board of Directors did not resolve a succession Plan.

10. CONTROL AND RISK COMMITTEE

The Board of Directors, on 10 September 2007, resolved to establish an Internal Control Committee (subsequently renamed the "Control and Risk Committee") with efficacy as of the date of release, by Borsa Italiana S.p.A., of the procedure regarding the trading of Maire Tecnimont shares on the Mercato Telematico Azionario (Telematic Stock Market) on 26 November 2007.

On 20 December 2012, in order to incorporate the changes made in December 2011 to the Governance Code of listed companies, the Board of Directors also amended the Control and

Risk Committee Regulation, increasing the functions and requiring the participation of all Statutory Auditors in its meetings.

The Committee Regulation was approved by the Board of Directors on 2 May 2013, following appointment of the Board of Directors for the three-year period 2013-2015 and, lastly, by Board of Directors of 27 April 2016, following appointment of the current Board of Directors.

Composition and operation of the Control and Risk Committee (pursuant to article 123-bis, paragraph 2, letter d) of the CFA)

In the year ended 31 December 2016, the composition of the Control and Risk Committee was compliant with the indications contained in the Corporate Governance Code, establishing that the Committee should be composed by no less than three members, if the Board of Directors is composed of eight members or more (article 4 of Application Criterion 4.C.1), Independent Directors or, in alternative, non-executive, the majority of whom independent, among whom to appoint a Chairman (article 7 of Principle 7.P.4).

The Control and Risk Committee currently in office was appointed by the Board of Directors on 27 April 2016, following the Shareholders' Meeting, and will remain in office until approval of the financial statements at 31 December 2018.

In particular, the Board of Directors confirmed the previous composition of the Control and Risk Committee, which is therefore in line with the previous year and consists of the following members: Gabriella Chersicla, as Committee Chairwoman, Stefano Fiorini and Andrea Pellegrini.

All Committee members are non-executive Directors and Gabriella Chersicla and Andrea Pellegrini are also qualified as Independent Directors. The Board recognises that all Control and Risk Committee members, considering the relevant professional profile, have an adequate knowledge and expertise in financial and accounting or risk management matters.

During the year, the Control and Risk Committee met 6 times, on 11 February, 15 March, 12 May, 27 July, 13 October and 8 November 2016. The meetings of the Control and Risk Committee lasted an average of 1 hour and 26 minutes and were regularly minuted. The Chairman of the Control and Risk Committee regularly provided information to the first Board of Directors on the activities of the Committee and on the issues covered in each meeting of the same.

For 2016, 9 meetings of the Control and Risk Committee are scheduled, 1 of which was held on 14 March 2017.

For further information on the composition and operation of the Control and Risk Committee, reference is made to Table 2 annexed hereto.

The Board of Statutory Auditors, the Group Chief Financial Officer and the Executive responsible for preparing the company's financial reports participate in the meetings of the Control and Risk Committee and, from time to time upon invitation of the Committee itself and on individual items on the agenda, representatives of the Independent Auditors, the Head of Internal Audit, the Head of Group HSE, Project Quality & Risk Management, the Head of Compliance activities and the Supervisory Body pursuant to Legislative Decree 231/2001 and, in general, depending on the items on the agenda to be discussed, Top Managers of the Issuer and external consultants.

Functions attributed to the Control and Risk Committee

Based on the recommendations contained in the Corporate Governance Code and in compliance with article 3 of the Control and Risk Committee Regulation of Maire Tecnimont, the Control and Risk Committee shall:

- a) assist the Board of Directors in carrying out the tasks entrusted to the same by the Corporate Governance Code relating to internal auditing and risk management, namely:
 - (i) definition of the guidelines to be used for the internal control and risk management system, so that the main risks regarding the Company and its subsidiaries are properly identified and also adequately measured, managed and monitored, determining the level of compatibility of said risks with a business management consistent with the identified strategic objectives;
 - (ii) periodic assessment, at least once a year, of the adequacy of the internal control and risk management system with respect to the company's characteristics and risk profile as well as of its efficacy;
 - (iii) approval, at least once a year, of the work plan prepared by the Head of Internal Audit function, after consulting with the Board of Statutory Auditors and the Director responsible for the internal control and risk management system;
 - (iv) description, in the annual report on corporate governance, of the main characteristics of the internal control and risk management system and the methods of coordination between the entities involved, and for the assessment of adequacy of the same;
 - (v) evaluation, after having heard the Board of Statutory Auditors, of the results presented by the Independent Auditors in any letter of suggestions and in the report regarding key issues that have emerged upon legal auditing;

- b) express to the Board of Directors its opinion on the appointment, revocation and remuneration of the Head of Internal Audit function and on the adequacy of the resources attributed to him for the performance of the relevant tasks;
- c) in collaboration with the Executive responsible for preparing the company's financial reports, after having heard the Independent Auditors and the Board of Statutory Auditors, assess the proper application of accounting principles and their uniformity for the purposes of preparing the consolidated financial statements;
- d) express opinions on specific aspects relating to the identification of the Company's main risks;
- e) receive, at least every six months, evaluations and reports from the Supervisory Body on the functioning and compliance of the organization, management and control model adopted by the Company pursuant to Legislative Decree 231/2001;
- f) examine the periodic reports drafted by the Internal Audit function concerning the evaluation of the internal control and risk management system as well as those having particular relevance;
- g) monitor the autonomy, adequacy, efficacy and efficiency of the Internal Audit function;
- h) ask the Internal Audit function to perform audits on specific operating areas, giving concurrent communication to the Chairman of the Board of Statutory Auditors;
- i) report to the Board, at least half-yearly, upon approval of the annual and half-year Financial Reports, on the activities performed - acknowledging the activity carried out by the Supervisory Body and the Internal Audit function - and on the suitability of the internal control and risk management system.
- l) support, with adequate investigations, evaluations and decisions of the Board of Directors relating to the management of risks arising out of prejudicial acts, which the Board of Directors has become aware of.

In the year, the Control and Risk Committee examined the periodical accounting reports with special focus, together with the Executive responsible for preparing the company's financial reports and with the Independent Auditors, on the correct use of the accounting principles adopted and their consistency for the purposes of drafting the consolidated financial statements.

These activities were last carried out by the Committee, with reference to the draft financial statements and the consolidated financial statements at 31 December 2016, at the meeting held 14 March 2017.

Moreover, the Control and Risk Committee, once every six months, examined the regular reports by the Head of Internal Audit, and receives the reports from the Supervisory Body on the function of and compliance with the Organisational, Management and Control Model adopted by the Company in accordance with Legislative Decree 231/2001.

Every six months, it also supports the Board in evaluating the adequacy, efficacy and proper operation of the internal control and risk management system and communicates to the Board, on the occasion of the approval of the Annual and Half-Yearly Financial Report, on the investigation activities performed, also considering what reported by the Supervisory Body and Head of Internal Audit.

The Control and Risk Committee supported the Board of Directors in the prior examination of periodic financial reports, budgets and the methodologies and results of the Group Impairment Test analysis.

The Control and Risk Committee was also kept constantly informed about the progress of risk management activities, by the Head of Group Process, QHSE & Risk Management, as well as activities related to the Project for optimization, with risk-based approach, of Models 231 of the Company and of companies under Italian law directly controlled by Marie Tecnimont ("**Project 231**"), aimed at further strengthening the Models 231 adopted by Maire Tecnimont and sister companies under Italian law proposing the development of a risk assessment system, the preparation of documentation and the definition of control mechanisms fully integrated with the operating procedures and practices adopted by the Group, and with the legislative principles and guidelines.

During the year, the Board of Directors did not become aware of facts detrimental to the Company and the Group.

It is also noted that the Committee, at its meeting of 14 March 2017, also previously examined the proposal relating to the authorization for the purchase and disposal of treasury shares, subject to revocation of the one granted by the shareholders on 15 December 2015, to the extent not yet used, in accordance with article 2357 et seq. of the Civil Code, to be submitted for approval to the Shareholders' Meeting called to approve the financial statements for the Year. In the performance of its functions, the Control and Risk Committee has access to the information and corporate functions that are necessary in order to accomplish its tasks.

As envisaged in article 7 of the Control and Risk Committee Regulation, the Committee may avail itself of external consultants for the performance of its tasks.

No specific financial resources have been allocated to the Control and Risk Committee since the same Committee avails itself - as above mentioned for the performance of its tasks - of the Issuer's means and corporate structures and may avail itself of external consultants, the

expenses of which are paid for by the Company up to a maximum amount from time to time established by the Company.

11. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The Board defines the guidelines for the internal control and risk management system, comprising the rules, procedures and organizational structures aimed at assuring the identification, measurement, management and monitoring of the main risks.

The Board (i) defines the guidelines to be used for the internal control and risk management system, so that the main risks regarding the Company and its subsidiaries are properly identified and also adequately measured, managed and monitored, determining the level of compatibility of said risks with a business management consistent with the identified strategic objectives; (ii) assesses, at least every six months, the adequacy of the internal control and risk management system with respect to the company's characteristics and risk profile as well as of its efficacy.

In exercising said functions, the Board avails itself of the collaboration of the Director responsible for the internal control and risk management system - identified in the person of the CEO, Pierroberto Folgiero - and the Control and Risk Committee; it also takes into consideration the Organization and Management Models of the Issuer and of the Group companies pursuant to Legislative Decree 231/2001, where applicable.

On the proposal of the Director responsible for the internal control and risk management system and after hearing the favourable opinion of the Control and Risk Committee and consulting with the Board of Statutory Auditors, the Board appointed the Head of Internal Audit, ensuring that the same is provided with adequate means to perform related functions, also from the point of view of the operating structure and the internal organization procedures for access to the information required to perform the related task.

The relative risk report was shared with the Control and Risk Committee for the commercial phase (pre-tendering, tendering/tendered) and for the implementation phase (implementation projects) and for the activities performed by the Corporate functions (Enterprise Risk Management).

The Company internal control and risk management system is based on a set of procedures including Group Standards, Procedures and Operating Instructions, on responsibilities separation, on a complex system of traceability of the transactions implemented, on a detailed system of assignment of powers and authority, a detailed expenditure regulation, a structured management control system, a broad range of audits provided for by law 262/2005, a

stringent application of the Code of Ethics of the Company and of the Model 231 pursuant to Legislative Decree 231/2001.

The Group adopts a risk management system integrated with the “internal control and risk management system”, in order to properly ensure reliability, accuracy and timeliness of financial information. In fact, the Group management is convinced that the financial risk management cannot be considered separately from the internal Control and Risk Management system as both are elements of the same system and only in this way it is possible to ensure an accurate, reliable and timely financial information.

In particular, to manage risks associated with financial disclosures, the Group adopted a specific control system the details and operating methods of which are reported in the paragraph below.

System for the management of risks associated with financial disclosures

The risk management system related to financial reporting adopted by the Maire Tecnimont Group is based on the requirements of the CoSO Report model that guided the design, implementation, and maintenance. This model, developed by the Committee of Sponsoring Organizations of the Treadway Commission and accepted by the Corporate Governance Code of listed companies, is characterized by the presence of the following five components:

1. control framework;
2. risk assessment;
3. information and communication;
4. control activity;
5. monitoring.

The administrative and accounting control model is subject to a continuous process of updating and maintenance aimed at ensuring the effectiveness and coordination of the main elements of the system with respect to the organizational and governance evolution of the Company and the Group.

In order to guarantee the maximum update of the model, the Executive responsible for preparing the company’s financial reports launched a project in 2016 for the revision of the same, with the support of the company Ernst & Young Financial Business Advisors S.p.A. As part of the project, there was a review of the scoping method, an update of the mapping of key processes with administrative-accounting effects, a risk assessment and review of controls

in order to ensure maximum effectiveness in mitigating risks. Considering the risks identified, a gap analysis was also carried out aimed at identifying any deficiencies/needs to improve the system, in order to start virtuous processes of implementation of improvement actions.

Activity phases

For the purposes of fulfilling the obligations pursuant to article 154-*bis* of the CFA relating to the Executive responsible for preparing the company's financial reports, the model for management of risks related to financial reporting adopted by the Maire Tecnimont Group comprises the following main categories of activities:

- identification of the scope of the companies and the relevant processes in terms of potential impact on financial reporting. This assessment (scoping) is carried out in relation to the specific level of relevance, in both quantitative terms, for the level of significance of the potential impact on the consolidated financial statements, and in qualitative terms (taking into account the specific risks related to the business or the process);
- detection, through mapping, of processes considered relevant for the purposes of financial reporting, as well as the identification and assessment of the key risks and design of key controls (control risk) to oversee the same.
- These assessments are the basis of the construction of the control matrices (Risk and Control Matrix) that describe, for each process considered relevant for the financial reporting process, the associated risks and administrative-accounting control activities; a continuous monitoring process of the adequacy and effective application of administrative-accounting procedures; through the periodic review of the design and effective operation of key controls (testing) with the systematic involvement of all those involved in the control model (Process Owner, Control Owner, Test Owner).

In order to ensure independence and objectivity of the results, said activity is carried out by personnel not in hierarchical line with the units responsible for implementation of the controls.

- a reporting process to the Board of Directors, also through the Control and Risk Committee, which guarantees, among other things, adequate information about the results of monitoring activities carried out regarding administrative-accounting procedures;
- an attestation process to the outside, based on the reports and declarations made by the Executive responsible for preparing the company's financial reports, in accordance with article 154-*bis* of the CFA jointly with the CEO (in the name and on behalf of the Board

of Directors), as part of the drafting of the annual financial statements and half-year financial reports, to ensure the correctness of the accounting information that the company provides to its shareholders, third parties and the market.

In addition to the controls defined at process level, controls operating across the Group or individual companies (Entity Level Controls) are also defined and updated as integral part of the system. These controls are monitored through a check-list that covers each of the five fundamental elements of the CoSO Report.

Roles and functions involved

The risk management system related to financial reporting adopted by the Maire Tecnimont Group includes the involvement of many parties in various levels of the organizational structure in order to ensure, in keeping with the various responsibilities of each, the constant updating of the model over time and the maximum integration of controls with operational activities.

As a key element of the control system, the Process Owners are identified that are regularly called upon to express their opinion with respect to the design of the model for their part of competence, in terms of representation of the process and effective definition of controls.

In addition, for each control, Control Owners that have the responsibility to oversee the effective implementation of the controls are identified.

The operational activities for updating of the model, execution of tests and monitoring of mitigation actions of gaps are undertaken by the Executive responsible for preparing the company's financial reports, with the help of a dedicated structure (Financial Controls), in synergistic cooperation with the Internal Audit function.

During the year, the Control and Risk Committee provided the Board of Directors with regular updates on the Committee's operation, on the outcomes of the controls carried out and on the operation of the internal control and Risk management system, highlighting that the latter was essentially congruent in relation to the Issuer's size and operating and organizational structure.

On 15 March 2016, 27 July 2016 and 15 March 2017, the Board, acknowledging the reports made by the Control and Risk Committee and also based on the report made by the Head of Internal Audit, the Supervisory Body and the Head of Group HSE, Project Quality & Risk Management expressed an opinion of essential adequacy, efficacy and effective operation of the internal control and risk management system.

11.1 DIRECTOR RESPONSIBLE FOR THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

On 27 April 2016, following the appointment of the new Board of Directors, the Board confirmed CEO Pierroberto Folgiero as Director responsible for the internal control and risk management system.

The Director responsible for the internal control and risk management system:

- supervises the identification of the major corporate risks (strategic, operating, financial and compliance), taking into account the characteristics of the activities conducted by the Issuer and their subsidiaries, and subjects them to periodic examination by the Board;
- executes the guidelines defined by the Board, managing the planning, implementation and management of the internal control and risk management system, continuously verifying the overall adequacy and efficacy;
- also deals with the adaptation of said system to the dynamics of operating conditions and the legislative and regulatory context;
- can request the Internal Audit function to perform verifications on specific areas of operation and compliance with internal rules and procedures in the execution of company operations, giving simultaneous notification to the Chairman of the Board of Directors, the Chairman of the Control and Risk Committee and the Chairman of the Board of Statutory Auditors;
- timely reports to the Control and Risk Committee (or to the Board of Directors) on emerging issues and problems in the course of its business or of which it became aware so that the Committee (or the Board) can take appropriate action;
- proposes to the Board the appointment, removal of the Head of the Internal Audit function.

The Director responsible for the internal control and risk management shared with the Control and Risk Committee the results of the activities undertaken by the Group HSE, Project Quality & Risk Management Function, through the preparation and issuance of a specific report relating to aggregate results of risk exposure for the commercial phase (pre-tendering, tendering/tendered) and for the implementation phase (implementation projects), and the activities performed by the Corporate functions (Enterprise risk Management).

11.2 HEAD OF THE INTERNAL AUDIT FUNCTION

On 8 October 2013, at the proposal of the Director responsible for the Company's internal control and risk management system and upon obtaining the favourable opinion of the Control and Risk Committee and the Board of Statutory Auditors, the Board of Directors resolved to appoint, until revocation, Valerio Actis Grosso as Head of Internal Audit of Maire Tecnimont.

The Board established the remuneration of the Head of Internal Audit in line with company policy and assured that the same is adequately resourced to carry out its responsibilities.

On 27 April 2016, the Board of Directors - following the favourable opinion of the Director responsible for the internal control and risk management system - confirmed until revocation, to the extent possible, Valerio Actis Grosso, Head of Internal Audit of Maire Tecnimont.

The Head of Internal Audit is not responsible for any operational area and reports to the Board of Directors.

The Head of Internal Audit verifies, both continuously and in relation to specific needs and in compliance with international standards, the operations and suitability of the internal control and risk management system through an Audit Plan approved by the Board of Directors, after consulting with the Board of Statutory Auditors and the Director responsible for the internal control and risk management system, based on a structured process of analysis and prioritization of the main risks.

The Head of Internal Audit, as part of its activities, had direct access to all relevant information for the assignment.

The Head of Internal Audit prepared periodic reports containing adequate information about its activities and discussing with the function responsible, the way in which risk management is conducted as well as compliance with the plans defined for their reduction, in addition to an evaluation of the internal control and risk management system. These reports were forwarded to the Chairpersons of the Board of Statutory Auditors, the Control and Risk Committee and the Board of Directors, as well as the Director responsible for the internal control and risk management system.

The Head of Internal Audit verified, as part of the Audit Plan, the reliability of information systems including accounting systems. In particular, during the 2016, companies, branches, company processes, functions and projects in the geographical areas of interest to the Group and the risk areas related to IT Governance, IT Risk Management and IT Compliance were audited. The Head of Internal Audit has been provided with financial resources and personnel for the performance of duties.

In the year, the Head of Internal Audit carried out all the Internal Audit activities planned. The points of attention or improvement observed during the audits were the subject of Action

Plans agreed with the managers concerned with the actions defined. The Internal Audit performs follow-up action to verify that Action Plans are implemented appropriately, effectively and timely.

The Internal Audit Function participated in the Project 231. It also participated in and supported the Supervisory Bodies, monitored compliance with the Code of Ethics, analyzed the presence of control in the company rules during issuance/updating and carried out verifications and controls regarding the current corporate document system.

11.3 ORGANIZATIONAL MODEL (as per Legislative Decree 231/2001)

The Board of Directors of Maire Tecnimont S.p.A. deemed it appropriate to adopt, since 2006, its own Organizational, Management and Control Model pursuant to Legislative Decree 231/2001 ("**Model 231**") thus responding to the need to ensure fairness and transparency in the conduct of business and in the management of company activities, with particular reference to the prevention of the offences referred to in Legislative Decree 231/2001 (the "**Decree**") and appointed a Supervisory Body with autonomous powers of initiative and control.

Following the optimization project, with integrated "risk based", of Model 231 (the so-called Project 231, already mentioned above) of Maire Tecnimont launched in 2015 concerning the development of legislation on administrative liability of entities and corporate organizational changes, the Company's Board of Directors, in its meeting of 16 March 2016 approved the updated version of Model 231 that consists of a "*General Part*"² and a "*Special Part*". The "*General Part*", after a brief description of the legal regime relating to liability of the entity, explains the purpose, principles of the model and the activities at risk of committing some of the offences assumed. The "*General Part*" of the Model also regulates the requirements, composition, operation and tasks of the Supervisory Body that shall supervise the functioning and observance of the Model and ensure related updating, as well as the disciplinary system, which applies whenever the principles and requirements set out therein are not complied with. The "*General Part*" of the Model also includes specific provisions regarding the training and information activities of personnel of the Company and of third parties relating to the Model contents, as well as the definition of the Group's guidelines on the matter of administrative responsibility. The "*Special Part*" contains the "*Protocols*", developed with reference to each area of activity at potential risk of committing the offences pursuant to Legislative Decree 231/2001 (the "**Offences 231**"). Each "*Protocol*" provides a set of rules and principles of

² The General Part of Model 231 of the Company is available on the website www.mairetecnimont.com under section "*Governance - Corporate Documents*".

control and conduct to be adopted and implemented in order to mitigate the risk of committing the offences of administrative liability pursuant to Legislative Decree 231/2001.

The rules contained in Model 231 ("*General Part*" and "*Special Part*") of the Company are integrated with those of the Code of Ethics ³, approved recently by the Company's Board of Directors in on 16 March 2016, which expresses the principles of "corporate ethics" that Maire Tecnimont recognizes as its own and for which it requires compliance by all recipients of the Code and Model 231. The Code of Ethics, available in Italian and English language, is a single document for the entire Maire Tecnimont Group and as such all companies controlled directly or indirectly are required to adopt it and abide by the contents.

With reference to the composition of the Supervisory Body, it is noted that the Board of Directors continues to deem that the functions of the Supervisory Body are to be conducted by a person specifically and exclusively dedicated to supervisory activities on the operation, observance and updating of Model 231 and implementation within the Company, of the dictates of Legislative Decree 231/2001. The Supervisory Body of Maire Tecnimont is collegial and consists of two external members, one of whom acts as Chair, and the Head of Internal Audit of the Group, experts in legal issues, economics and analysis of the corporate control system.

On 27 April 2016, the Company's Board of Directors, following the expiry of the mandate of the Supervisory Body then in office, appointed - under article 6, paragraph 1, letter b) of Legislative Decree 231/2001 - as members of the Company's Supervisory Body, Luciana Sara Rovelli (Chairwoman), Iole Savini (external member) and Valerio Actis Grosso (internal member). The Supervisory Body will remain in office until approval of the financial statements as at 31 December 2018. It is noted that the Company's Supervisory Body in office until 27 April 2016 was composed of Umberto Tracanella (Chairman), Valerio Actis Grosso (internal member) and Luciana Sara Rovelli (external member).

Moreover, the Italian companies directly controlled by Maire Tecnimont (i.e. "sister companies") - except those recently established in relation to which the preliminary activities have however been initiated for adoption of the Model - have their own Model 231 and Supervisory Body. In 2016, the "sister companies" started a process for updating of Model 231, which falls within the scope of Project 231 mentioned above. This Project is in progress and is in the wake of the path of the Maire Tecnimont Group with increasingly greater attention to "risk culture" fine tuning organizational structures and operational tools to correctly identify, and properly measure, monitor and manage risks. For the updating process

³ The Code of Ethics is available on website of www.mairetecnimont.com under section "*Governance - Corporate Documents*".

of the Model, the "sister companies" were supported by an "Integrated Working Group"⁴ - consisting of numerous Functions of the Parent Company in order to coordinate the updating of Models 231 of the Italian companies directly controlled by Maire Tecnimont - and specialized technical consultants. Project 231 is developed in two phases: the first phase is represented by the identification of the map of risk activities (the "**Risk Assessment 231**"), or of the activities conducted by the Company in the context of which Offences 231 may be committed, including all new case assumptions newly-introduced in the Decree as of the previous update of Model 231; the second phase involves the updating of the General Part of the Model as well as of all the Protocols, taking into account the map of risk activities identified in the Risk Assessment 231.

11.4 INDEPENDENT AUDITORS

In compliance with the applicable regulatory provisions, on 10 July 2007 the Company ordinary Shareholders' Meeting - on proposal of the Board of Statutory Auditors - resolved to assign the legal audit of the accounts to the Independent Auditors Deloitte & Touche S.p.A. for the business years 2007-2015 and thus, until the Shareholders' Meeting called to approve the financial statements at 31 December 2015.

On 15 December 2015, - in view of the expiry of the appointment of the legal auditor of the accounts for the financial years 2007-2015 already conferred by the ordinary Shareholders' Meeting to Deloitte & Touche S.p.A. - the Shareholders' Meeting resolved to appoint, upon proposal of the Board of Statutory Auditors and with effect from the approval of the annual financial statements at 31 December 2015, the Independent Auditors PricewaterhouseCoopers S.p.A. as the legal auditor of the accounts for the 2016-2024 financial years.

Therefore, during the ordinary Shareholders' Meeting of 26 April 2016, following approval of the annual financial statements at 31 December 2015, PricewaterhouseCoopers S.p.A. replaced Deloitte & Touche S.p.A. as Independent Auditors of the Company and the Group.

The Board of Statutory Auditors of Maire Tecnimont in office at the time, considering the size and complexity of Maire Tecnimont and its subsidiaries, following the practice now consolidated by the major Italian listed companies, in agreement with the management of Maire Tecnimont and the Control and Risk Committee, therefore deemed it appropriate to initiate in advance the selection process for the new Independent Auditors for the years 2016-2024, in order to submit to the Shareholders' Meeting the proposed conferment of the new appointment by the end of 2015 and thus, in advance with respect to the date of the Shareholders' Meeting called to approve the financial statements at 31 December 2015.

⁴ The Integrated Work Group consists of Group Corporate Secretary – Legal Affairs & Contracts – Group Organization, ICT & System Quality – Group HSE, Project Quality & Risk Management – Internal Audit.

This anticipation was proposed in order to allow, among other things, the new Independent Auditors to arrange in due time, the management of the transition of the legal audit activities and to facilitate, prior to beginning the appointment, the acquisition of more knowledge of Maire Tecnimont and the Maire Tecnimont Group, as well as more effectively and efficiently establish the legal audit activities.

The Board of Statutory Auditors, at the end of the selection process also performed with the help of the relevant company functions, and following a thorough technical and economic evaluation performed in full autonomy, identified as the best offer the one presented by the Independent Auditors PricewaterhouseCoopers S.p.A. , as more fully described in the "Reasoned proposal of the Board of Statutory Auditors", annexed to the Explanatory Report of the Board of Directors on the second item on the agenda of the ordinary Shareholders' Meeting of 15 December 2015, available to Shareholders on the Company's website www.mairetecnimont.com, in the section "Governance" - "Shareholders' Meetings Documents" - "2015".

11.5 EXECUTIVE RESPONSIBLE FOR PREPARING THE COMPANY'S FINANCIAL REPORTS AND OTHER COMPANY ROLES AND FUNCTIONS

In compliance with the provisions of article 154-*bis* of the CFA and in accordance with the relevant appointment methods envisaged in article 23 of the Company Articles of Association, on 16 September 2013 the Board of Directors of the Issuer appointed Dario Michelangeli Administration and Financial Statements Vice President of Maire Tecnimont, as Executive responsible for preparing the company's financial reports. On 27 April 2016, at its meeting held following the ordinary Shareholders' Meeting, the Board of Directors resolved to confirm Dario Michelangeli, following the favourable opinion of the Board of Statutory Auditors, as the Executive responsible for preparing the company's financial reports of Maire Tecnimont.

Article 23 of the Issuer's Articles of Association envisages that the Executive responsible for preparing the company's financial reports be appointed by the Board of Directors, following compulsory consultation with the Board of Statutory Auditors. Should the Board of Directors deviate from said opinion, it must justify its decision. Furthermore, in accordance with the Company Articles of Association the Executive responsible for preparing the company's financial reports must have an experience of at least three years in administration, finance and control and must fulfil the honesty requirements envisaged for Directors.

On 16 September 2013, with the favourable opinion of the Board of Statutory Auditors, the Board of Directors of Maire Tecnimont resolved to give Dario Michelangeli, as Executive responsible for preparing the company's financial reports of Maire Tecnimont, an additional gross annual fees of Euro 13,000.

Subsequently, the Board of Directors of Maire Tecnimont of 12 May 2016, with the approval of the Board of Statutory Auditors and the Remuneration Committee, resolved to increase to Euro 15,000 gross per year as the additional amount for Dario Michelangeli, as Executive responsible for preparing the company's financial reports.

Furthermore, at the time of appointment, the Board has vested the Executive responsible for preparing the company's financial reports with all the powers and means necessary to exercise the tasks assigned to him.

As explained below, the Company has identified specific business functions with responsibilities in relation to internal control and risk management or the Group HSE, Project Quality & Risk Management function under the responsibility of Damiano d'Alessandro, the Internal Audit function under the responsibility of Valerio Actis Grosso and the Group Compliance function headed by Simona Dolce.

11.6 COORDINATION BETWEEN SUBJECTS INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

First, in line with as recommended by the Corporate Governance Code, the Company distinguished roles and responsibilities of those involved in the internal control and risk management system (the "**System**"), in order to optimize interaction between them and maximize efficiency of the System, avoiding duplication of work within their respective areas of activities and competence and duplication of controls.

Maire Tecnimont supported the corporate bodies involved in the System (Board of Directors, Control and Risk Committee, Board of Statutory Auditors and Executive responsible for preparing the company's financial reports) with duties and responsibilities prescribed by laws and regulations, some business functions (Group HSE, Project Quality & Risk Management, Internal Audit - and Group Compliance, under the Group Corporate Secretary Function), which form a stable part of the organizational structure. These functions operated in an integrated and interdependent manner, periodically reporting the results of their activities to the Control and Risk Committee, permanently involving the Director responsible for the internal control and risk management system, the entire Board of Statutory Auditors and the Executive Responsible for preparing the company's financial reports.

Every six months, upon approval of the half-yearly Financial Report and the annual Financial Report, the representatives of the Independent Auditors and the Supervisory Body of Maire Tecnimont are also invited to the meetings of the Control and Risk Committee, where they present the results of their audit activities.

Additional opportunities for exchange of information flows are represented by the meetings between the bodies and audit functions, organized by the Board of Statutory Auditors, which may be attended from time to time by the heads of Group HSE, Project Quality & Risk Management, Internal Audit and Group Compliance, the representatives of the Independent Auditors, the members of the Supervisory Bodies pursuant to Legislative Decree 231/2001 and the Executive Executive responsible for preparing the company's financial reports.

At least annually, a meeting is also held between the Supervisory Body of the Company and the Supervisory Bodies of the Italian companies of the Group that have adopted an Organization and Management Model pursuant to Legislative Decree 231/2001 in order to achieve an overall view of the efficiency of the System.

The Chairperson of the Control and Risk Committee is the liaison with the Board of Directors reporting to the same, continuously, on the findings of the preliminary investigation of the Committee formulated on the basis of the information from time to time received by the parties involved in various capacities in the oversight of the System.

At least once a year, the Board of Directors approves the Audit Plan prepared by the Head of Internal Audit, after consulting with the Board of Statutory Auditors and the Director responsible for the internal control and risk management system.

The parties involved in the System, therefore, operate in a coordinated and integrated manner with each other within the Company general organizational, administrative and accounting structure, with the shared goal of maximizing the efficiency of the System, to ensure the safeguarding of assets and the effectiveness of business processes and procedures, and to ensure the reliability of financial information, as well as the assumption of decisions, by the Board of Directors.

12. DIRECTORS' INTERESTS AND RELATED-PARTY TRANSACTIONS

In compliance with Consob instructions in Regulation 17221/2010 of 12 March 2010, outlining provisions in relation to transactions with related parties, on 12 November 2010 the Company's Board of Directors adopted – after receiving the favourable opinion of the two independent directors holding office at that time - an internal Procedure for the Management of Related-Party Transaction (the "**Procedure**"). Said Procedure came into force on 1 January 2011.

Further to the appointment of the two new Independent Directors who were added to those previously appointed, the Board, at the meeting of 16 February 2012, made some amendments to the Procedure in order to take into account the creation of the Related-Party

Committee, consisting exclusively of 3 Independent Directors, who have been assigned the functions and tasks envisaged by Consob Related Party Regulation.

The Board of Directors on 13 March 2014 approved, following the favourable opinion of the Related-Party Committee, an update of the procedure in order to acknowledge on the one hand the recommendation in Communication no. DEM/10078683 of 24 September 2010, in which Consob recommends that companies evaluate, at least every three years, whether to review the procedures and, on the other hand, also to better regulate, among other things, the information flow from the subsidiaries to the parent company Maire Tecnimont.

Lastly, it is noted that on 15 March 2017, the Board of Directors of the Company, as part of the three-year evaluations of the adequacy of the Procedure, resolved - following the favourable opinion of the Related-Party Committee - to confirm the Procedure, also in view of the application effectiveness thereof and related controls, verified in the three-year period, as well as the lack in the reference period of material changes to the Company's shareholding structure.

The Company Procedure for Managing Related-Party Transactions may be consulted on the Issuer's website www.mairetecnimont.com, under section "Governance" - "Corporate Documents".

On 13 March 2014, the Company's Board of Directors also approved the Regulation of the Related-Party Committee, recently approved by the Board of Directors of 27 April 2016, following the Shareholders' Meeting. The Related-Party Committee Regulation, for which the Related-Party Committee approved its adoption, governs its function and, specifically, its constitution, composition and duration (including the replacement of members who have stood down from office), identifying its functions and regulating the convening and events of meetings.

The Related-Party Committee currently in office was appointed by the Board of Directors on 27 April 2016, following the Shareholders' Meeting, and will remain in office until approval of the financial statements at 31 December 2018. In particular, the Board of Directors confirmed the previous composition of the Related-Party Committee, which is therefore in line with the previous year and consists of the following members: Gabriella Chersicla, as Committee Chairwoman, Andrea Pellegrini and Patrizia Riva. All Committee members are non-executive directors and Independent Directors, as required by Consob in the Related-Party Regulation.

In the year ended on 31 December 2016, the Related-Party Committee met twice, on 15 March and 27 July 2016. The meetings of the Related-Party Committee lasted an average of 55 minutes and were regularly minuted. The Chair of the Related-Party Committee regularly provided information to the first Board of Directors on the activities of the Committee and on the issues covered in each meeting of the same.

For the year 2017, 2 meetings of the Related-Party Committee are scheduled, one of which was held on 14 March 2017.

The Procedure is applied in relation to Transactions with Related Parties (the concept of which is described in the relevant definitions of the Consob Related-Party Regulation, expressly referred to by the Procedure) implemented directly by the Company or through its subsidiaries.

In particular, the Procedure identifies the discipline applicable to two categories of related party transactions: (i) Significant Transactions with Related Parties (identified based on the criteria indicated in the Consob Related Parties Regulation) and (ii) Minor Transactions with Related Parties (the concept of which is identified in the Consob Related Parties Regulation), envisaging specific provisions in relation to the initiation and approval of the same.

In compliance with the provisions of article 8 (*"Procedures for significant related-party transactions for companies adopting traditional and one-tier administration and control systems"*) of the Consob Related-Party Regulation, Significant Transactions may only be approved by the Board of Directors of the Company, and the involvement of the Related-Party Committee is also envisaged. In particular, the Related-Party Committee shall express its justified binding opinion on the Company's interest in the execution of each Significant Transaction as well as on the substantial fairness and convenience of the relevant conditions. Pursuant to article 3, paragraph 12, should the Related-Party Committee express an opinion against the implementation of Significant Transaction, such transaction shall not be approved by the Board of Directors and, consequently, shall not be implemented. The rules of the Procedure do not establish for Significant Transactions for which the shareholders' meeting is competent that, in the event of a negative opinion of the Related-Party Committee, they may be authorised by the Shareholders' Meeting if the majority of "voting non-related shareholders" do not rule against the operation (referred to as a "whitewash" in the Shareholders' Meeting).

On the other hand, with regard to Minor Transactions, these may be approved by the body (CEO, Board of Directors, Shareholders' Meeting) qualified by law or by the Company Articles of Association to adopt the relevant decision. It is also envisaged that prior to approval of the transaction, the Related-Party Committee expresses a justified non-binding opinion on the Company's interest in the transaction completion as well as on the substantial fairness and convenience of the conditions envisaged.

Should Minor Transactions be approved despite the negative non-binding opinion of the Related-Party Committee, the circumstances should be disclosed, within fifteen days from the closure of each quarter, in an Information Document containing the indication of the Minor

Transactions approved in the quarter of reference along with the negative non-binding opinion expressed by the Related-Party Committee, that shall be annexed to said document.

Each quarter, specific subsequent disclosure obligations requirements are envisaged for the CEO vis-a-vis the Board of Directors and the Board of Statutory Auditors on the execution of both Minor Transactions and Significant Transactions.

It is also envisaged that the Board of Directors has the right to adopt framework resolutions regarding numerous very similar transactions in relation to (i) transactions involving the supply of property, and (ii) the delivery of services, including consultancy services, in compliance with the provisions envisaged in article 12 of Consob Related Party Regulation.

The Procedure envisages certain exemptions from its application, identified on the basis of the provisions of Consob Related Parties Regulation, including:

- Shareholders' Meeting resolutions regarding fees payable to Board members and resolutions regarding the remuneration of Directors covering particular offices (as per article 2389, paragraph 3, of the civil code and article 19 of the company Articles of Association);
- Transactions of Insignificant Amount (as defined in the Procedure);
- Ordinary Transactions completed under Conditions Equivalent to Market Conditions or Standard Conditions (as defined in the Procedure based on the provisions of Regulation 17221/2010);
- shareholder resolutions relating to remuneration for members of the Board of Statutory Auditors (pursuant to article 2402 of the Civil Code);
- Infra-group transactions or Transactions with or between subsidiaries, also jointly, in addition to those with affiliated companies, if there are no Significant Interests in the subsidiaries or affiliated counterparties of the transaction (as defined in the Procedure), of other related parties of Maire Tecnimont.

It is hereby specified that the Procedure envisages, both with reference to the approval of Significant Transactions and with reference to Minor Transactions (falling under the Board of Directors' competence), that the Directors shall be informed about any interest (even indirect) of the members of the corporate bodies in such transactions. The Minor Transactions falling under the competence of the CEO who is holding an interest, even on behalf of third parties, shall remain under the Board's competence. Moreover, if in relation to a Significant Transaction or a Minor Transaction one member of the Related-Party Committee may not be qualified as "Non-Related Director" (as defined in the Procedure) with respect to any given transaction, the functions pertaining to the Related-Party Committee are performed by the two other members of the Related-Party Committee, who shall adopt a unanimous decision.

In the event that two members of the Related-Party Committee may not be qualified as “Non-Related Directors” (as defined in the Procedure) with respect to the transaction in question, the functions pertaining to the Related-Party Committee shall be performed by the non-related member of the Related-Party Committee. For lack thereof, the opinion will be given by an independent expert appointed by the Board of Directors (equivalent supervision).

Over the course of the financial year, there have been no significant transactions with related parties.

Functions assigned to the Related-Party Committee

In accordance with article 3 of the Company's Related-Party Committee Regulation, the Related-Party Committee:

- a) carries out its duties in accordance with the provisions of current legislation, the Procedure, Consob Related-Party Regulation and Consob Communication no. DEM/10078683 of 24 September 2010, specifically:
 - (i) it can suggest that the Board of Directors make changes or supplement the Procedure;
 - (ii) it has the faculty to request clarifications and additional information;
 - (iii) it expresses grounded opinions on the Company's interest - and, where applicable, on those of the companies it directly and/or indirectly controls involved - in the implementation of Related-Party Transactions, whether Significant or Minor Transactions, expressing an opinion on the convenience and substantial correctness of the conditions envisaged, upon receipt of suitable, prompt information;
- b) reports to the Board at least once every six months, during approval of the annual and half-year Financial Reports on its work, also on the basis of the information received from the competent offices of the Company.

13. APPOINTMENT OF STATUTORY AUDITORS

The Board of Statutory Auditors is appointed by the Ordinary Shareholders' Meeting of the Company.

The mechanism for the appointment of the Auditors is regulated by article 21 of the Company Articles of Association in compliance with the provisions of article 148 of the CFA and the relevant implementing provisions as per articles 144-quinquies and following of the Issuers' Regulation, which: (i) made compulsory and regulated the list-based voting mechanism for

the appointment of Statutory Auditors; (ii) ruled that the Chairman of the Board of Statutory Auditors shall be appointed among the Statutory Auditors elected by the minorities and (iii) identified limits to the maximum number of offices held by the Statutory Auditors.

Article 21 of the Maire Tecnimont Articles of Association envisages that Statutory Auditors be appointed based on lists consisting of two sections: one for candidates for the role of Standing Statutory Auditor, the other for candidates for the role of Alternate Statutory Auditor, where candidates are listed by means of a progressive number. The lists can be presented by the Shareholders who, alone or together with other Shareholders, represent at least 2% (two percent) of the shares entitled to vote at the Ordinary Shareholders' Meeting, or any other threshold of participation required by the regulations issued by Consob. In this respect, it shall be noted that such shareholding cap determined by Consob for the Issuer, pursuant to article 144-*quater* of the Issuers' Regulation, as stated in resolution no. 19856 of 25 January 2017, is equal to 2.5%.

Lists, signed by those who submit them, must be filed at the Company's registered office at least twenty five days before that set for the Shareholders' Meeting, together with: (i) information relating to the identities of the shareholders presenting them, indicating the overall shares held and certification attesting to the ownership of said shareholding (it being understood that, in compliance with the provisions of article 147-*ter*, paragraph 1-*bis*, of the CFA, said certification may also be produced after the list has been deposited, provided it is within the deadline envisaged for publication of the same); (ii) declarations by means of which the individual candidates accept their nomination and certify, on their own responsibility, that there are no grounds for incompatibility and that they are in possession of the requirements envisaged in the current regulations; (iii) a curriculum vitae relating to the personal and professional characteristics of the candidates, indicating their administration and control roles in other companies; and (iv) a declaration from the shareholders other than those holding, even jointly, a controlling or relative majority stake, certifying the absence of any relationship as envisaged in article 144-*quinquies* of the Issuers' Regulations.

It is recalled that the extraordinary Shareholders' Meeting of 18 February 2015 amended, with effectiveness as of the Shareholders' Meeting for approval of the financial statements at 31 December 2015, article 20 and article 21 of the Articles of Association, in order to better clarify some aspects of the mechanism for the appointment and replacement of Auditors, in order to comply with the best practices that emerged in the application of the rules concerning the balance between genders.

Therefore, as a result of the amendment of article 20 of the Articles of Association, the Board of Statutory Auditors shall be composed of 3 (three) Standing Statutory Auditors and 3 (three) Alternate Statutory Auditors, instead of 2 (two) Alternate Statutory Auditors as previously envisaged.

The procedure for appointment of the Board of Statutory Auditors, governed by article 21 of the Articles of Association as amended above, provides the Standing Statutory Auditors will be elected from the first two candidates on the list that receives the highest number of votes ("Majority List") and the first candidate on the list with the second highest number of votes ("Minority List") and which has been submitted by shareholders who are not associated, even indirectly, with the shareholders who submitted or voted for the Majority List, the candidate of which will also be appointed Chairman of the Board of Statutory Auditors. The first two alternate candidates of the Majority List and the first alternate candidate of the Minority List shall be elected Alternate Statutory Auditors;

In the case in which several lists have obtained the same number of votes, a new vote among these lists by all those present at the Shareholders' Meeting and entitled to vote, shall take place; the candidates on the list which obtains the simple majority of vote shall be elected.

If the manner described above does not ensure the composition of the Board of Directors, in its standing members, in compliance with applicable provisions regarding the balance between genders, there must be, among the candidates for the office of Standing Statutory Auditor of the Majority List, the necessary replacements, according to the order in which candidates are listed.

In the event of death, resignation or disqualification of a Standing Statutory Auditor from office, the same shall be replaced until the next Shareholders' Meeting by the first Alternate Statutory Auditor belonging to the same list of the Statutory Auditor being replaced, that shall ensure compliance with the applicable provisions concerning the balance between genders.

In the event of replacement of the Chairman, the chair is taken until the next Meeting, by the alternate member from the minority list.

In the event of presentation of a single list or in the event of a tie between two or more lists, the Chairman is replaced, until the next Shareholders' Meeting, by the first Standing Statutory Auditor belonging to the list of the Chairman who terminated his office.

If the Alternate Statutory Auditors cannot complete the Board of Statutory Auditors, the Shareholders' Meeting shall be convened to integrate the Board of Statutory Auditors, with the legal majorities and in accordance with legislation and regulations. In particular:

- if it is necessary to replace the (i) Standing Statutory Auditor and/or the Chairman or (ii) the Alternate Statutory Auditor taken from the Minority List, the unelected candidates listed in the same Minority List shall be proposed for the position, regardless of the section in which their names were listed and the individual that obtains the highest number of votes in favour shall be elected;

- in the absence of candidates to be proposed according the preceding paragraph and in the event Standing Statutory and/or Alternate Statutory Auditor(s) taken from the Majority List need to be replaced, the provisions of the Civil Code apply and the Shareholders' Meeting decides by a majority of votes.

It remains understood that, in any case of replacement, the composition of the Board of Statutory Auditors must comply with the regulation in force on balance between genders.

The individual indicated in first place on the minority list is appointed as Chief Statutory Auditor.

Should lists of candidates for the appointment of the Board of Statutory Auditors not be submitted, the Shareholders' Meeting shall proceed with the appointment based on the ordinary law provisions and without list voting.

In relation to the adjustment of the Company Articles of Association to Law 120/2011 in the matter of "balance between genders", similar provisions to those for the appointment of Board Directors were introduced for the appointment of the Board of Statutory Auditors.

14. COMPOSITION AND FUNCTIONING OF THE BOARD OF STATUTORY AUDITORS

(pursuant to article 123-bis, paragraph 2, letter d), CFA)

Statutory Auditors remain in office for three financial years until the Shareholders' Meeting called to approve the financial statements relating to the third year of their office term.

Article 21 of the Articles of Association envisages that the members of the Board of Statutory Auditors must comply with the regulation in force on balance between genders.

In compliance with the legal and regulatory provisions governing said matter, the appointment of Statutory Auditors depends on their compliance with the maximum number of offices held, without prejudice to their duty to inform Consob and to resign from one or more offices where said limits have been exceeded.

The Board of Statutory Auditors appointed by the ordinary Shareholders' Meeting of 30 April 2013 and as subsequently amended and integrated during the three-year term of office, in office until 27 April 2016 consisted of: Pier Paolo Piccinelli (Chairman), Giorgio Loli and Roberta Provasi (Standing Statutory Auditors) and Andrea Bonelli and Marco Pardi (Alternate Statutory Auditors).

The current Board of Statutory Auditors of Maire Tecnimont was appointed by the ordinary Shareholders' Meeting of 27 April 2016 and consists of: Francesco Fallacara (Chairman),

Giorgio Loli and Antonia Di Bella (Standing Statutory Auditors), as well as Massimiliano Leoni, Roberta and Andrea Provasi Lorenzatti (Alternate Statutory Auditors). The current Board of Statutory Auditors will remain in office until approval of the financial statements at 31 December 2018.

Two lists were submitted to the ordinary Shareholders' Meeting of 27 April 2016 for the appointment of the Board of Statutory Auditors.

The Standing Statutory Auditors, Giorgio Loli and Antonia Di Bella and the Alternate Statutory Auditors Massimiliano Leoni and Roberta Provasi were elected from the list submitted by the shareholder GLV Capital S.p.A., which obtained the favourable vote of 199,091,108 shares, accounting for 84.154% of the shares in attendance at the Shareholders' Meeting (the "**Majority List**"). It is noted that among the candidates on the Majority List was also Andrea Marrocco as candidate for the office of Standing Statutory Auditor and Andrea Bonelli as candidate for the office of Alternate Statutory Auditor.

The Chairman of the Board of Statutory Auditors, Francesco Fallacara, and the Alternate Statutory Auditor Andrea Lorenzatti were elected from the list submitted jointly by the Shareholders Arca SGR S.p.A. (manager of the fund Arca Azioni Italia), Eurizon Capital SGR S.p.A. (manager of the funds Eurizon Azioni Italia and Eurizon Azioni PMI Italia), Eurizon Capital S.A. (manager of the fund Eurizon EasyFund – Equity Italy), Fideuram Asset Management (Ireland) Limited (manager of the funds Fideuram Fund Equity Italy and Fonditalia Equity Italy), Interfund Sicav (manager of the fund Interfund Equity Italy) and JP Morgan Asset Management (manager of the funds JP Morgan Funds) holder of a total shareholding of 2.517% of the share capital. The Funds List obtained the favourable vote of 36,120,426 shares, accounting for 15.268% of the shares attending the Shareholders' Meeting (the "**Minority List**"). It is stated that the Minority List did not include other candidates for the office of Standing Statutory Auditor and Alternate Statutory Auditor of the Company.

Both lists are available on the Company's website (www.mairetecnimont.com, Section "Governance" - "Shareholders' Meetings Documents" - "2016").

As from the date of closure of the Financial Year, none of the members of the Board of Statutory Auditors has resigned nor have there been any changes in the composition of the Board of Statutory Auditors.

Regarding the meetings (within the so-called "Induction Session" programs) with the Directors and the Statutory Auditors, recommended by the Corporate Governance Code and aimed at providing them with adequate knowledge of the sector of activity in which the Company and the Group operate, business dynamics and their evolution, the principles of proper risk management as well as the regulatory and self-regulatory reference framework, reference is

made to the section of the Report on the Board of Directors (Section 4.2, paragraph "Induction Programme").

The remuneration of the members of Board of Statutory Auditors is commensurate to the commitment required, the importance of the role as well as the dimensional and sectoral characteristics of the Company.

With regard to information relating to the composition of the Board of Statutory Auditors, reference is made to Table 3 annexed to this Report.

In compliance with the provisions of art. 144-*decies* of the Issuer's Regulation, the personal and professional characteristics of each Statutory Auditor are indicated in Annex "B" hereto.

In the year ended 31 December 2016, the Board of Statutory Auditors met 10 times and each meeting lasted 50 minutes.

The Board of Statutory Auditors has scheduled 13 meetings for 2017, of which 3 have already been held on 26 January 2017, 8 February 2017 and most recently on 27 February 2017.

On 27 April 2016, following the Shareholders' Meeting that appointed it, the Board of Statutory Auditors has verified the independence of its members in accordance with the criteria laid down by article 148, paragraph 3 of the CFA and article 8, Application Criterion 8.C.1 of the Corporate Governance Code.

On 27 February 2017, the Board of Statutory Auditors ascertained the continuing independence of its members by applying all the criteria envisaged by article 148, paragraph 3, of the CFA and by the Corporate Governance Code. In compliance with the provisions of Criterion 8.C.1. of the Code, on 13 March 2017, the Board of Statutory Auditors submitted to the Board of Directors the results of the periodic verifications of the permanence of the independence requirements of its members, so that the latter outlines them in the Report, in a manner consistent with that envisaged for Directors.

The Board of Statutory Auditors, in carrying out its activities, receives regular information from the Functions of the Company in charge of the management of the internal control and risk management system (including the Head of Internal Audit) and attends meetings of the Control and Risk Committee, to which it is invited on a permanent basis. The methods of coordination between the parties involved in various capacities in the internal control and risk management system of the Company are described in Section 11.6 of this Report, to which reference is made.

The Board of Statutory Auditors meets regularly, for mutual exchange of information, with representatives of the independent auditors, the members of the Supervisory Body pursuant to Legislative Decree 231/2001 and the Executive responsible for preparing the company's financial reports.

The Board has chosen not to assign the Board of Statutory Auditors the duties of Supervisory Body in accordance with Legislative Decree 231/01 deeming that the same are to be conducted by a person specifically and exclusively dedicated to supervisory activities on the operation, observance and updating of the Model and implementation within the Company, of the dictates pursuant to Legislative Decree 231/2001.

15. RELATIONS WITH SHAREHOLDERS

The Company believes that it is in its own specific interest, in addition to a duty vis-a-vis the market, to establish an ongoing dialogue, founded on a mutual understanding of each other's roles, with the majority of Shareholders as well as with institutional investors; a dialogue in any case destined to be conducted in compliance with the procedure for the disclosure of documents and information of the Company.

The Company has established two Sections, "Investors" and "Governance", in its website (www.mairetecnimont.com), easily identifiable and accessible, for publishing information concerning the Issuer, which are of a certain importance to Shareholders.

As from 10 June 2013, Maire Tecnimont has appointed Riccardo Guglielmetti as Manager for relations with Institutional Investors and other shareholders (Investor Relator). The office of Investor Relator ensures a correct, continuous and comprehensive communication, being understood that the communication of documents and, in general, any disclosure concerning the Company shall take place in compliance with the Internal Regulation for the Management of privileged information.

16. SHAREHOLDERS' MEETINGS

(pursuant to article 123-bis, paragraph 2, letter c), CFA)

With regard to Shareholder's Meeting operation, article 9 of the Company Articles of Association envisages that the Shareholders' Meeting shall be called, pursuant to and in accordance with the law, at the Company registered office or elsewhere provided that it is in Italy, by means of notices containing the information envisaged by the currently applicable legal and regulatory provisions. It is noted that the Meeting, which met in extraordinary session on 18 February 2015, has also resolved to amend article 9 of the Articles of Association in order to clarify that, notwithstanding article 2369 first paragraph of the Civil Code and as already implicitly provided in the previous formulation of the Articles of Association, the Meeting may meet on multiple calls rather than in a single call.

In any case, ordinary Shareholder's Meetings shall be convened within 120 (one hundred and twenty) days from the closure of the financial year or within 180 (one hundred and eighty) days, in the cases provided for by law.

The Articles of Association do not envisage any particular meeting or resolution passing quorum. In this regard, it is noted that article 11 of the Company's Articles of Association refers to the legally-prescribed meeting and resolution-passing quorum.

The Meeting is competent to decide on matters specified by the Law. It shall be clarified that article 15 of the Articles of Association attributes to the Board of Directors resolutions concerning: i) the creation and suppression of branches; (ii) which directors, in addition to those indicated in the Articles of Association, represent the Company; (iii) the reduction of the share capital in case of any shareholder's withdrawal; (iv) the adjustment of the Company Articles of Association to regulatory provisions; (v) the transfer of the registered office to another municipality in Italy; (vi) merger resolutions in the cases envisaged by articles 2505 and 2505-bis of the Civil Code, as well as spin-off resolutions in the cases in which such regulations apply.

The vesting of the Board of Directors with powers that by law fall within the purview of the Shareholders' Meeting, in compliance with this article, shall not deprive the Shareholders of their main powers to adopt concerning resolutions.

In accordance with article 10 of the Issuer's Articles of Association, the legal power to participate in the meeting and exercise the right to vote shall be attested to by a communication confirming such a right delivered to the Company, which has been prepared by the intermediary in favour of the person entitled right to vote, on the basis of the accounting registration at the end of the seventh trading day which is open prior to the date fixed for the Meeting.

More specifically, article 10 establishes that: *"Those with voting rights can attend shareholders' meetings. The legal power to participate in the meeting and exercise the right to vote shall be attested to by a communication confirming such a right delivered to the Company, which has been prepared by the intermediary in favour of the person entitled right to vote, on the basis of the accounting registration at the end of the seventh trading day which is open prior to the date fixed for the Meeting on first call. The communication of the intermediary referred to in this article 10 must reach the Company by the end of the third trading day preceding the date fixed for the meeting in first call or by another deadline required by governing law and regulations from time to time in force.*

All of the above without prejudice to the entitlement to speak and vote if communications have reached the Company after the above deadlines, as long as by the beginning of the meeting of each individual call.

Each shareholder entitled to attend the Shareholders' Meeting may be represented by a proxy, within the scope of and in accordance with the law. Shareholders retain the right to notify the Company of the proxy to attend the Shareholders Meeting by transmission of same to the email address indicated in the Shareholders' Meeting notice.

Ordinary and extraordinary shareholders' meetings are governed by the relative Shareholders' Meeting Regulations approved by the shareholders in an ordinary meeting".

The extraordinary Shareholders' Meeting of 26 April 2012 resolved to eliminate the provision which established the possibility of holding Shareholders' Meetings with interventions from more than one locations by means of audio and/or video connections, as well as that relating to the exercise of the voting right by mail.

Furthermore, it is recalled that, as better described in Section 2, letter d) above to which reference is made, the extraordinary Shareholders' Meeting of 18 February 2015 approved the amendments to the Articles of Association to introduce the mechanism of the voting right increase.

On 4 July 2007, the ordinary Shareholders' Meeting of Maire Tecnimont approved a Meeting Regulation with the aim of governing the ordered and functional performance of the Shareholders' Meetings. The Shareholders' Meeting held on 27 April 2011 resolved to make certain amendments to said Regulation as a consequence of the amendments made to the Company Articles of Association following the coming into force of Legislative Decree 27/2010. The ordinary Shareholders' Meeting of 18 February 2015 approved additional amendments to the Meeting Regulations, in order to adapt the same to best practices on the matter and eliminate overlaps with the statutory provisions governing the operation of the Shareholders' Meeting.

The Maire Tecnimont Shareholder's Meeting Regulation may be consulted on the Issuer's website www.mairetecnimont.com, under the section "Governance" - "Shareholders' Meeting Documents".

In order to guarantee each shareholder the right to voice their opinion on the items under discussion, in compliance with the provisions of article 9, Application criterion 9.C.3, of the Corporate Governance Code, article 16 of the Company Shareholder's Meeting Regulation rules that shareholders concerned should file the request to the Chairman, after reading of the item on the agenda to which the request refers and after the Chairman establishes the method for requests and interventions and the order thereof.

In 2016, an ordinary Shareholders' Meeting was held on 27 April 2016 and was attended by all Directors and almost all Statutory Auditors.

The Board of Directors prepared and made available to Shareholders in advance, in the manner and within the time provided by law, all documentation on the topics on the agenda.

Through the Chairman of the Board of Directors and the CEO, the Board also reported to the Shareholder's Meeting on the activities conducted and scheduled and has always attempted to provide Shareholders with the correct information so that they may be able to make informed decisions regarding meeting business.

The ordinary Meeting of 27 April 2016 was attended by all the members of the Remuneration Committee of the Company.

Over the course of the financial year, there have been no significant changes in the Issuer's ownership structure.

With regard to the complete information relating to the relevant shareholdings in the capital of Maire Tecnimont S.p.A., reference is made to Table 1 Annexed hereto.

In the year, there was a positive change of 2.8% in the Issuer's capitalization, which went from Euro 766,874,025 at 31 December 2015 to Euro 788,260,950.

The number of ordinary shares of the Issuer at 31 December 2015 amounted to 305,527,500 and did not change in the year 2016.

17. ADDITIONAL CORPORATE GOVERNANCE PRACTICES

(pursuant to article 123-bis, paragraph 2, letter a), CFA)

Regarding the additional corporate governance practices with respect to those indicated in the previous sections and actually applied by Maire Tecnimont, the Issuer has in place a Coordination Committee, a Commercial Committee and a Region Committee and the Board of Directors has also set up a Related-Party Committee.

The Coordination Committee, Commercial Committee and Region Committee perform activities in support of the CEO in the evaluation of strategic initiatives and decisions, Corporate and Business, with Group value and impact, related to investments, business activities and presence in geographical areas (Regions) of the Group's interest.

The Related-Party Committee consists exclusively of Independent Directors and carries out the functions and duties listed in Section 12.

18. CHANGES AFTER THE CLOSURE OF THE FINANCIAL YEAR OF REFERENCE

From the end of the Year, there no changes to be reported.

(******) Roberta Provasi: in office until 27 April 2016 as Standing Statutory Auditor and appointed on the same date by the ordinary shareholders' meeting as Alternate Statutory Auditor.

ANNEX A

CURRICULA VITAE OF MAIRE TECNIMONT S.P.A. BOARD MEMBERS

FABRIZIO DI AMATO

Born 1963. A graduate in Political Science from La Sapienza University of Rome, he began his career as an entrepreneur at the age of 19 by setting up his first company with three employees. He built up the Maire Tecnimont Group over three decades through a process of internal growth and acquisitions. In the first 20 years he laid the basis for the development of a mid-size civil engineering group operating in the Italian market. In 2004, he acquired Fiat Engineering (later renamed Maire Engineering), which was ten times larger than his existing interests. The Maire Group then switched to general contracting, with a specific focus on power generation and transportation infrastructure. At the end of 2005, by completing a second major acquisition, that of Tecnimont from Edison, he expanded the Group's activities to the oil, gas and petrochemicals business, with a network of subsidiaries and branch offices operating worldwide. The Maire Tecnimont Group, in which he is the major shareholder, was formed by combining these two major Italian engineering and contracting companies. In 2009 and 2010 other two important acquisitions have increased the technological content of the Group: Stamicarbon and Technip KTI (now KT – Kinetics Technology).

Fabrizio Di Amato plays an active role in the Italian engineering industry: from 2009 to 2011 he was President of Animp (Italian Association of Industrial Plant Engineering).

In 2008 he promoted the concept of a unique representative body for the engineering and contracting industry through Federprogetti (the Federation of Italian plant industries), of which he is the founder and he served as President until May 2015.

Fabrizio Di Amato is a member of the General Board of the industry regional organizations Assolombarda (Milan).

He is also member of the Executive Committee of the Association of Joint Stock Companies incorporated in Italy (Assonime).

In May 2016, he was awarded with the honor of "Cavaliere del Lavoro" by the Italian President of the Republic, Sergio Mattarella.
